I. PROGRAM INTRODUCTION

This report provides a summary of activities completed by Washington County, Wisconsin (the County) during the 4th Quarter of Fiscal Year (FY) 2017 (July 1 through Sept. 30, 2017) for implementation of the United States Environmental Protection Agency (USEPA) Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields awarded to the County by the USEPA in 2014. Washington County Planning and Parks Department is responsible for administering the grants which are being used to provide initial funding for a County-wide Site Redevelopment Program (SRP) that was created in 2013. The County is the lead for a coalition that includes the City of West Bend, City of Hartford, Village of Slinger, Village of Richfield, and the Village of Jackson.

The County’s USEPA-approved Implementation Work Plan describes five (5) tasks that are to be completed using funding from the grants. This report describes the status of each task as of September 30, 2017, provides an estimate of the degree of completion of each task, and provides a list of deliverables associated with each task. The tasks are described below:

II. BUDGET OVERVIEW

The USEPA awarded a total grant of $600,000 to the County including $300,000 for Hazardous Substance Brownfields Assessment and $300,000 for Petroleum Brownfields Assessment. The Assessment Grant budget includes $8,500 for direct expenses for the County (travel and supplies) and $591,500 for contracted services provided by environmental and other consulting firms. The total budget period cost is $662,463.00 of which $62,463 is the local in-kind contribution that will be provided by staff from the County, City of West Bend, City of Hartford, Village of Slinger, Village of Richfield and EDWC.
There was one budget reallocation request provided to the US EPA Project Officer during the 4th Quarter FY 2017 and was approved on October 24, 2017. In addition, a four-month grant extension was approved by the US EPA on Sept. 29, 2017. All budget reallocation requests are detailed below.

* US EPA Approved Budget Reallocation Requests:

**Request 1 - $20,000** Request to shift funds from Task 3 to Tasks 1 and 4 for general community outreach. The US EPA approved this request on 7/31/15.

**Request 2 - $350** Request to shift funds from Task 3 to Task 4 for Site Redev. Brand/Logo for ongoing marketing of the Site Redevelopment Program. The US EPA approved this request on 7/31/15.

**Request 3 - $35,000** Request to shift funds within Task 3 from Phase II ESAs to Reuse/Redevelopment Planning for Village of Richfield. The US EPA approved this request on 10/21/15.

**Request 4 - $37,000** Request to shift grant funds from Task 3 (Phase II ESAs) to Tasks 1 for cost of completing the countywide inventory and site selection / prioritization process work that was completed by Vandewalle & Assoc. The US EPA approved this request on 1/18/16.

**Request 5 - $7,000** Request to shift grant funds from Task 3 (Phase II ESAs) to Task 4 to allow Vandewalle & Assoc. and Stantec to continue to participate in regular PMT and SRC meetings as the project moves forward. The US EPA approved this request on 1/18/16.
Request 6 - $5,000 – Village of Jackson Reuse/Redevelopment Planning - Request to shift $5000 in grant funds from Task 2 (Phase I ESAs) to Task 3 – Area-wide Reuse/Redevelopment Planning for the Village of Jackson. This shift will reduce the number of estimated Phase I ESAs by one. The US EPA approved this request on 8/25/16.

Request 7 - $11,100 - Request to shift a total of $11,100 in grant funds from Task 3 (Phase II ESAs) to other Tasks including:

- $4,300 to Task 0 to allow Stantec to continue to assist with EPA quarterly reports and required reporting on the ACRES system.
- $150 to Task 1 to allow Vandewalle & Assoc. to conduct a ranking and prioritization process on a site in the Village of Kewaskum to be included in the countywide inventory.
- $2,650 to Task 2 to cover additional costs to conduct Phase I ESAs on several sites (City of Hartford North Bookends, City of West Bend EDC site, Village of Slinger E.H. Wolf site) where the costs were higher than anticipated.
- $4,000 to Task 4 to allow Vandewalle & Assoc. to continue their work on assisting the Village of Slinger and the County with access agreements and attend monthly PMT meetings and quarterly SRC meetings through the end of the grant cycle.
- The US EPA approved this request on 9/23/16.

Request 8 - $5,000 - Request to shift a total of $5,000 in grant funds from Task 3 (Phase II ESAs) to Task 2 (Phase I ESAs) to complete several anticipated Phase I ESAs and cover additional costs with completing eligibility determinations. The US EPA approved this request on 1/26/17.

Request 9 - $6,000 - Request to shift a total of $6,000 in grant funds from Task 2 (Phase I ESAs) to Task 3 (Phase II ESAs) to complete a site investigation work plan for the Northern Bookends site in the City of Hartford. The US EPA approved this request on 2/28/17.

Request 10 - $10,500 - Request to shift a total of $10,500 in grant funds from Task 2 (Phase I ESAs) to other Tasks including:

- $4,000 to Task 0 – Programmatic Activities for additional costs for assisting Washington County in quarterly reporting and other programmatic assistance.
- $4,000 to Task 2 – Phase I ESAs for additional costs incurred for eligibility determinations (ED) as well as expected costs for future ED of sites.
- $2,500 to Task 4 – Community Outreach and Involvement for costs incurred for additional outreach meetings as well as expected costs for future outreach meetings.
- The US EPA approved this request on 4/6/17.

Request 11 - $19,247.02 - Request to shift a total of $19,247.02 in grant funds including:

- $132.83 reallocate from Task 1 – Inventory to Task 3 – Phase II ESAs. No more work is anticipated for Task 1 of the FY14 grant.
- $19,114.19 - reallocate from Task 2 – Phase I ESAs to:
  - Task 3 – Phase II ESAs ($6,959.64) – Additional costs for the Phase II ESA and coordination/meetings for the Hron property, Site Investigation for the Hron property and Site Investigation for the Laubengermeir’s Garage property.
III. MODIFICATIONS TO THE WORK PLAN

Reallocation Request No. 11 resulted in a reduction in the number of Phase I ESAs completed, but an increase in the number of Phase II ESAs and site investigations conducted. All modifications to the Work Plan are described below:

<table>

IV. STATUS OF PROGRAM ACTIVITIES

This section of the report provides a summary of the status for each task as of Sept. 30, 2017, including a summary of projects and activities approved, completed, or in progress. Also summarized are deliverables for each task, an estimate of the percent complete, and a summary of scheduled activities to be performed during the 1st Quarter of FY 2018.

Task 0 – Programmatic Activities

A. Task Description

This task includes preparing grant progress reports, and general communications about the Cooperative Agreement to the USEPA. This task had a budget of $14,000 which included travel costs to attend USEPA-sponsored National Brownfields conferences and for work by the environmental consultant to provide assistance with reporting and other eligible programmatic activities.

On Sept. 23, 2016, the USEPA Project Officer approved a budget reallocation of $4,300 from Task 3 to Task 0 to allow Stantec to continue to assist the County with USEPA quarterly reports and required reporting on the ACRES system.
On April 6, 2017, the USEPA Project Officer approved a budget reallocation of $4,000 from Task 3 to Task 0 to allow Stantec to continue to assist the County with USEPA quarterly reports and other programmatic assistance.

On October 24, 2017 the USEPA Project Officer approved a budget reallocation of $7,300 from Task 2 to Task 0 for additional costs incurred and expected costs for consultants to provide assistance to the County on quarterly and final USEPA reports.

The current budget for Task 0 is $29,600.

B. New Activities or Projects Approved for Implementation by USEPA During the Fiscal Quarter

None.

C. Completed Activities or Projects

As part of advancing the County's Site Redevelopment Program and coordination of a coalition prior to the grant application, in 2013 the County advanced a qualifications based procurement process meeting the requirements of 40 CFR 31.36, in order to obtain the services of a consultant to assist with public meetings, evaluation, and initial scoring and prioritization of sites including services for grant writing and implementation. The procurement process resulted in six proposals. Two firms were interviewed, and based on the interviews and previously submitted qualifications, a contract was executed with Stantec Consulting Services Inc. (Stantec).

2nd Quarter of FY 2015
During the 2nd Quarter of FY 2015, the County worked with the Project Team (Stantec, Vandewalle and EDWC) and finalized detailed roles and responsibilities as part of the contract with Stantec for grant implementation services on February 17, 2015. The contract with Stantec was signed on March 18, 2015.

The County drafted a Memorandum of Agreement (MOAs) and worked with coalition partners throughout March and early April to finalize.

3rd Quarter of FY 2015
During the 3rd Quarter of FY 2015, all MOAs were signed by coalition partners and submitted to the USEPA on April 23, 2015. No grant funds could be expended until all five coalition partner MOAs were signed and provided to the USEPA.

Contract agreements were finalized between Stantec, and Vandewalle and EDWC. As part of the Project Team, Vandewalle will assist the County, Stantec and the EDWC with the inventory process to create a Brownfields GIS Database, lead the site selection, ranking and prioritization of sites using a two-tiered site identification and prioritization process with the SRC, prepare area-wide reuse/redevelopment plans and conduct ongoing community outreach. As part of the Project Team, EDWC will assist the County, Stantec and Vandewalle with the inventory process, determining redevelopment potential and marketability of redevelopment sites, preparing area-
wide reuse/redevelopment plans and ongoing community outreach. The contract with EDWC will also utilize the services of Ady Advantage, a WBE firm that will help develop webpages integrating redevelopment sites within the EDWC website for the purpose of connecting prospective end users and local stakeholders with information on redevelopment sites and associated reuse opportunities.

The County provided coalition partners with a method of tracking local in-kind contribution hours. The Project Manager will compile all local in-kind contribution hours completed and report hours as part of upcoming USEPA Quarterly Reports. The Project Manager submitted the 2nd Quarter Report to the USEPA on April 27, 2015 and has had ongoing communication with the USEPA Project Officer.

4th Quarter of FY 2015
- During July, the quarterly report for Q3 was completed by the County with assistance from Stantec and Vandewalle, and submitted to USEPA.
- On 9/1-4/15, Stantec, EDWC, Vandewalle, and County staff attended the USEPA brownfields conference in Chicago.

1st Quarter of FY 2016
During October 2015, 4th Quarter FY 2015 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle, and submitted to the USEPA including the required MBE/WBE Annual Reporting Form. The Project Manager continued ongoing communication with the Project Management Team (PMT), coalition partners, the Site Redevelopment Committee (SRC) members and the USEPA Project Officer. The Project Manager reviewed and approved numerous consultant invoices for payment processing.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
During January 2016, 1st Quarter FY 2016 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle, and submitted to the USEPA. In March 2016, Stantec and the Project Manager finalized the site specific tracking table which includes all environmental assessment activities as well as redevelopment reuse planning activities. The tracking table is sent to the PMT, all coalition partners and SRC members on a regular basis.

On Feb. 1, 2016, the Project Manager presented the USEPA grant and Site Redevelopment Program information along with a draft Memorandum of Agreement (MOA) to the Village of Germantown Board for their consideration in anticipation of utilizing USEPA grant funds for environmental assessment work for the proposed Saxony Village development. On Feb. 17, 2016 the Memorandum of Agreement with the Village of Germantown (MOA) was executed.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
During April 2016, the 2nd Quarter FY 2016 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16
continues to be updated. The tracking table was distributed to the PMT, all coalition partners and SRC members on April 1, 2016 and May 2, 2016.

On May 13, 2016, the County submitted reimbursement request to the USEPA – ASAP system for $167,436.56.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
During July 2016, the 3rd Quarter FY 2016 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16 continues to be updated. The tracking table was distributed to the PMT, all coalition partners and SRC members on August 15, 2016.

On July 21, 2016 Fred Bartman, Project Officer for USEPA, conducted a site visit to Washington County. The County Project Manager and Stantec provided background information for site visits to E.H. Wolf & Sons in the Village of Slinger, North Bookends site in the City of Hartford and Saxony Village Development in the Village of Germantown.

1st Quarter of FY 2017 (October 1, 2016 – December 31, 2016)
On October 31, 2016, the 4th Quarter FY 2016 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16 continues to be updated.

On October 17, 2016 the County Project Manager requested a grant reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System of $192,357.81 for grant work completed.

On November 23, 2016, the County Project Manager provided the USEPA Automated Standard Application for Payment (ASAP) System a breakdown of the previously submitted reimbursement requests identifying the specific grant funding source for each project by either hazardous substance brownfield grant or petroleum brownfield grant funding.

On September 27, 2016, Washington County sent a letter to the City of West Bend asking to confirm the use of $25,000 in grant funding to fully leverage the Site Assessment Grant (SAG) from the Wisconsin Economic Development Corporation (WEDC) dollars to complete assessment and investigation activities at the former Bermico site. On October 10, 2016, the City of West Bend confirmed their intent to use the $25,000.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
On January 31, 2017, the 1st Quarter FY 2017 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16 continues to be updated. The Tracking Table was updated and distributed to Coalition members, SRC members and the PMT.
Quarterly Report No 12, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
On April 28, 2017, the 2nd Quarter FY 2017 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16 continues to be updated.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
On July 21, 2017, the 3rd Quarter FY 2017 Quarterly Report was completed by the County with assistance from Stantec and Vandewalle & Assoc. and submitted to the USEPA. The Site Specific Project Tracking Table developed in the 2nd Quarter FY16 continues to be updated.

On September 29, 2017, the USEPA approved a four-month extension on the grant.

D. Activities or Projects in Progress

The Project Team (County, Stantec, Vandewalle and EDWC) is in the process of finalizing a detailed Project Timeline that outlines specific tasks, deadlines and responsible parties for each of the five main Project Tasks outlined in the Implementation Work Plan. This document will be used by the Project Team to stay on task throughout the grant period and to track progress during the monthly Project Team meetings.

1st Quarter of FY 2016
Stantec and the Project Manager are finalizing a site specific tracking table for all assessment activities to be sent to coalition partners and SRC members on a regular basis.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
Stantec and the Project Manager continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members on a regular basis.

3rd Quarter of FY 2016 (April. 1, 2016 – June 30, 2016)
Stantec and the County Project Manager continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members on a regular basis.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
Stantec and the County Project Manager continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members on a regular basis.

On September 27, 2016, Washington County sent a letter to the City of West Bend asking to confirm the use of $25,000 in grant funding to fully leverage the Site
Assessment Grant (SAG) from the Wisconsin Economic Development Corporation (WEDC) dollars to complete assessment and investigation activities at the former Bermico site. On October 10, 2016, the City of West Bend confirms intent to use the $25,000.

**1st Quarter of FY 2017 (October 1, 2016 – December 31, 2016)**
Stantec and the County Project Manager will continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members on a regular basis.

**2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)**
Stantec and the County Project Manager will continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members on a regular basis.

**3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)**
Stantec and the County Project Manager will continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members.

**4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)**
Stantec and the County Project Manager will continue to regularly update the Site Specific Project Tracking Table for distribution to the PMT, all coalition partners and SRC members.

### E. Deliverables

Memorandum of Agreement (MOA)s signed by the coalition partners (City of West Bend, City of Hartford, Village of Jackson, Village of Richfield and Village of Slinger) were submitted to the USEPA Project Officer on April 23, 2015.

**1st Quarter of FY 2016**
None for this Quarter.

**2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)**
A Memorandum of Agreement (MOA) was executed between Washington County and the Village of Germantown on February 17, 2016 in anticipation of environmental assessment work for the Saxony Village Development project.

**3rd Quarter of FY 2016 (April. 1, 2016 –June 30, 2016)**
None for this Quarter.

**4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)**
None for this Quarter.

**1st Quarter of FY 2017 (October 1, 2016 – December 31, 2016)**
None for this Quarter.
2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
None for this Quarter.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
None for this Quarter.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
None for this Quarter.

F. Percent Complete and Scheduled Activities

This task is currently 88% completed.

1st Quarter of FY 2016
Scheduled activities for the 1st quarter of FY 2016 (October 1 through December 31, 2015) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

2nd Quarter of FY 2016
Scheduled activities for the 2nd Quarter of FY 2016 (January 1 through March 31, 2016) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

On December 10, 2015, the SRC completed the Countywide Inventory and Site Selection/Prioritization Process and approved the use of the EPA Brownfield Assessment Grant funds for Site K in the Village of Germantown. A Memorandum of Agreement (MOAs) was completed and sent to the Village for review. It is scheduled for approval at the February Village Board meeting.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
Scheduled activities for the 3rd Quarter of FY 2016 (April 1 through June 30, 2016) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016)
Scheduled activities for the 4th Quarter of FY 2016 (July 1 through Sept. 30, 2016) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
Scheduled activities for the 1st Quarter of FY 2016 (Oct. 1 through Dec. 31, 2016) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

2nd Quarter of FY 2017 (Jan. 1, 2017 – March 31, 2017)
Scheduled activities for the 2nd Quarter of FY 2017 (Jan. 1 through March. 31, 2017) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

The County Project Manager will be requesting a reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System for work completed during the 1st Quarter of FY 2017 once all invoices are received from consultants and paid out by the County. The anticipated ASAP reimbursement request will likely exceed $100,000.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
Scheduled activities for the 3rd Quarter of FY 2017 (April 1 through June 30, 2017) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

The County Project Manager will be requesting a reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System for work completed during the 1st and 2nd Quarters of FY 2017 once all invoices are received from consultants and paid out by the County. The County experienced staff turnover so the ASAP reimbursement that was anticipated during the 2nd Quarter FY2017 will be completed in the 3rd Quarter FY2017. The anticipated ASAP reimbursement request will exceed $100,000.

4th Quarter of FY 2017 (July 1, 2017 – Sept 30, 2017)
Scheduled activities for the 4th Quarter of FY 2017 (July 1 through Sept. 30, 2017) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

The County Project Manager will be requesting a reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System for work completed during the 1st, 2nd and 3rd Quarters of FY 2017 once all invoices are received from consultants and paid out by the County. The County experienced staff turnover so the ASAP reimbursement that was anticipated during the 3rd Quarter FY2017 will be completed in the 4th Quarter FY2017. The anticipated ASAP reimbursement request will exceed $100,000.

The County Project Manager will be requesting an extension of the remaining grant funds during the 4th Quarter of FY 2017.

Scheduled activities for the 1st Quarter of FY 2018 (Oct. 1 through Dec.31, 2017) include overseeing site and project activities of consultants and preparing required reports and correspondence with the USEPA Project Officer.

The County Project Manager will be requesting a reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System for work completed during FY 2017. The County experienced staff turnover so the ASAP reimbursement will be completed in the 1st Quarter FY2018.
Task 1 – Brownfields Inventory and Site Prioritization

A. Task Description

This task includes preparing a community-wide brownfields inventory and prioritization of brownfield sites within the County. As part of the inventory, the County will acquire digital copies of approximately 73 historic Sanborn Fire Insurance Maps to be integrated into the County GIS system. This task had a budget of $21,700 which included preparing the inventory, development of the GIS brownfields database, acquisition of historic Sanborn Fire Insurance Maps and executing property access agreements.

On January 18, 2016, the USEPA Project Officer approved a budget reallocation of $37,500 from Task 3 to Task 1 to offset costs of the Countywide Inventory and Site Selection/Prioritization Process.

On Sept. 23, 2016, the USEPA Project Officer approved a budget reallocation of $150 from Task 3 to Task 1 to allow Vandewalle & Assoc. to conduct a ranking and prioritization process on a site in the Village of Kewaskum to be included in the countywide inventory.

On October 24, 2017 the USEPA Project Officer approved a budget reallocation of $132.83 from Task 1 to other tasks. No more additional work is anticipated for Task 1 of the FY14 grant.

The current budget for Task 1 is $59,217.17.

B. New Activities or Projects Approved for Implementation by USEPA During the Fiscal Quarter

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
On January 18, 2016, a request was made to reallocate funds to offset costs of the Countywide Inventory and Site Selection/Prioritization Process. The request was approved by the USEPA Project Officer. See Section II – Budget Overview for further detail.

3rd Quarter of FY 2016 (April. 1, 2016 – June 30, 2016)
None for this Quarter.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
On Sept. 23, 2016, the USEPA Project Officer approved a budget reallocation of $150 from Task 3 to Task 1 to allow Vandewalle & Assoc. to conduct a ranking and prioritization process on a site in the Village of Kewaskum to be included in the countywide inventory.
1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
None for this Quarter.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
None for this Quarter.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
None for this Quarter.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
None for this Quarter.

C. Completed Activities or Projects

As part of developing the coalition, meetings were held with representatives of 12 municipalities which included two cities, five villages and five towns. Nominations were obtained from five communities, each of which subsequently committed to participating in the coalition. An initial prioritization process was used to evaluate 13 nominated target sites or areas that included 47 parcels. At the final stage of this process, each of the coalition partners selected the site or area that was their highest priority in need of assessment based on site selection criteria. Assessment needs for these sites are expected to utilize approximately one third ($200,000) of the grant funds. Initial target sites include WB Place, a 3.8-acre parcel in the City of Hartford that has been in use as a tannery since the 1840s, former Praefke Brake Manufacturing in the City of West Bend which dates back to the 1920s, the Center Street Redevelopment Area which includes 10 parcels within the historic center of the Village of Jackson, the historic Hwy 175/Village of Richfield Area which includes 12 parcels bordering State Hwy 175 and the former railroad right-of-way for the Chicago, Milwaukee, St. Paul and Pacific Railroad, and the former Niphos Coating facility in the Village of Slinger which was subject to an emergency removal action by the USEPA to address more than 8,800 gallons of hazardous chemicals that were abandoned in the building.

The grant will be implemented using a parallel track approach with two major strategies progressing simultaneously. The two tracks will be implemented as described below:

1. Approximately one-third ($200,000) of the grant will go toward the implementation of the five high priority brownfield sites or areas that were identified by the five coalition partners as part of the inventory and prioritization completed in 2013. Meetings were held with coalition partners in the 3rd Quarter of FY 2015 that confirmed or requested an amendment to the high priority sites. The funds will be utilized to perform assessment or reuse/redevelopment planning activities.

2. Complete a comprehensive county-wide inventory and prioritization of brownfield sites providing opportunity for participation by all communities in
the County that may have assessment needs not identified as part of the outreach conducted in 2013.

2nd Quarter FY 2015
During the 2nd Quarter FY 2015, the County met with the City of West Bend, Stantec, and EDWC to discuss priority sites within the City of West Bend.

3rd Quarter of FY 2015
During the 3rd Quarter of FY 2015, the Project Team met with all five coalition partners to discuss and reconfirm their high priority redevelopment sites. Further discussion will continue with the Village of Jackson to define their high priority sites in the 4th Quarter of FY 2015. The City of West Bend is considering changing their priority site. The Project Team met with the City of West Bend numerous times during this quarter to discuss changing their priority site. Upon completion of the coalition partner meetings, work began on preparing eligibility determination requests for several priority brownfield sites including WB Place in the City of Hartford and the former Niphos Coating facility in the Village of Slinger.

The County purchased 73 historic Sanborn Fire Insurance Maps through Historical Information Gatherers.

4th Quarter of FY 2015
During the 4th Quarter of FY 2015 the SRP Project Management Team (PMT) began the site inventory and prioritization process. First, the Team created an inventory of sites. The Team determined which data points were most important to include—based on brownfield identification best practices—to identify potential brownfield sites. From these discussions a three-level data collection system was created to filter sites to determine a manageable number of high probability brownfield sites. From this process a comprehensive countywide list of sites was identified and mapped utilizing GIS. With the map and the accompanying data table the PMT was able to further focus inventory efforts on a manageable number of sites to score in the prioritization process.

Next the PMT developed a system to score and prioritize the brownfield inventory. The system applies a three-level analysis consisting of redevelopment feasibility, environmental conditions, and community goals. Under each area of analysis there are several criteria that an expert or group of experts will use to score each site on a multipoint scale. Once this process is complete the scores will be totaled and a site prioritization ranking determined.

The PMT worked with SRP Coalition partners to further refine their priority sites. Hartford and West Bend have confirmed their priority sites that will provide them with maximum redevelopment potential. West Bend has determined the riverfront Bermico property and an adjacent City-owned property as the highest priority site area to health, safety and environmental concerns and redevelopment potential.
On July 6, 2015, the County acquired 73 historic Sanborn Fire Insurance Maps through Historical Information Gatherers. The maps were geo-referenced and integrated into the County GIS system.

On July 22, 2015, the Project Team met with the City of West Bend and the USEPA Project Officer to discuss the new priority site for the City located near the Milwaukee River and the Eisenbahn State Trail. A list of action items were developed to move forward with the new priority site. The Project Team also discussed the former Niphos Coating facility in the Village of Slinger with the County Attorney and developed a list of action items to move the project forward.

Stantec worked with County staff to develop an access agreement form (draft completed by Stantec on July 24, 2015) and an attachment with information for property owners on various types of assessment activities that could be performed (draft completed by Stantec on August 14, 2015). The agreement was reviewed by the County Attorney and City of West Bend. On September 14, 2015, an access agreement was executed by the County with the owner of the former Bermico property in West Bend.

Stantec completed a review and screening of approximately 1,200 sites in the County that are included on the Wisconsin Department of Natural Resources (WDNR) Bureau of Remediation and Redevelopment Tracking System (BRRTS).

On August 11, August 24, September 8 and September 21, 2015, meetings were held by the PMT to work on the inventory and prioritization.

1st Quarter of FY 2016
During the 1st Quarter of FY 2016 the SRP Project Management Team (PMT) completed the site inventory and prioritization process. Attached to this quarterly report are various documents that summarize the inventory and prioritization process activities that were completed during this reporting period.

- **September 29, 2015** – The SRC completed a brainstorming session facilitated by the University of Wisconsin-Extension to gather thoughts on the potential impacts that may occur as a results of redeveloping brownfields in Washington County communities.

- **October 15, 2015** – Washington County hosted an SRP Countywide Community Workshop to engage the public in the Site Redevelopment Program, review the site inventory and prioritization process, discuss and consider community goals and gather input for priority areas. As part of this workshop, attendees participated in a 3-part community priorities brainstorming exercise to provide input into the development of community goals for scoring of identified redevelopment sites. The community priorities were developed using the community outreach expertise of the PMT, the UW-Extension facilitated brainstorming exercise at the September SRC meeting, and the EPA’s Livability Principles. For more information, please reference the attached documents:
November 12, 2015 – The November SRC meeting provided an overview of the Oct. 15 Community Workshop results, updated the committee on the completed inventory process and discussed the prioritization process and criteria. The completed inventory consisted of 117 parcels making up 55 potential redevelopment areas in the County. Vandewalle staff facilitated a discussion of the three-tiered ranking system consisting of redevelopment feasibility, ability to advance community goals, and environmental conditions which was approved by the SRC. Each tier was composed of criteria based on industry standards for gauging the level of effort and likelihood that a brownfield site would be and/or should be redeveloped. For more information, please reference the attached documents:

- Nov. 12, 2015 SRC Meeting Flyer
- Nov. 12, 2015 SRC Meeting Minutes
- Redevelopment Feasibility and Environmental Criteria

November 16 – December 2, 2015 - Site scoring and ranking was completed by the PMT. Redevelopment feasibility and community goals were scored by Scott Harrington, Vandewalle & Associates; Christian Tscheshlok, EDWC; and Debora Sielski, Washington County. Each PMT scorer produced his or her own scores for all 51 sites comprised of 115 parcels. Environmental conditions were scored by David Holmes of Stantec Consulting Services. Mr. Holmes scored each of the 115 parcels individually.

December 10, 2015 – The December SRC meeting provided a review of site scoring and rankings, a discussion of additional consideration factors and the selection of 2-3 sites for assessment funding. There were 115 parcels making up 51 sites. Some parcels and sites were grouped into 11 clusters that consisted of two or more parcels where redevelopment would likely involve all or most of the parcels. For the purposes of scoring and ranking, it made sense to look at them as a group. The committee reviewed the final scoring and ranking of the 51 sites. Local representatives discussed the top ranking sites in terms of six factors including potential to obtain site access, site eligibility, owner cooperation, project complexity and local government capacity. The SRC took action to provide assessment funding for 5 sites:

- Cluster Site H in West Bend—former Gehl industrial property now mostly owned by the City with significant resources invested in assessments and clean-up; the City is in need of final site closure and reuse planning assistance as the next steps toward redevelopment.
- Cluster Site B in Slinger—situated at the gateway to the Village in an area identified as critical for redevelopment. The site includes historic auto repair and industrial at the southwest and active gas station on the northeast.
- Cluster Site K in Germantown—needs limited phase II work for final site closure on the northeast portion of site before redevelopment as multi-family housing.
Site #3 (WB Place) in Hartford and Site #138 (West Bend Economic Development Corporation Site) in West Bend—both sites were selected to receive services limited to Phase I assessments, as long as funding is available.

For more information, please reference the attached documents:
- Dec. 10, 2015 SRC Meeting Flyer
- Dec. 10, 2015 SRC Draft Meeting Minutes
- Dec. 10, 2015 SRC Power Point of Top Ranked Sites (Includes maps of the top ranked sites.)
- SRP Inventory and Prioritization Summary Memo (Includes an overview of the inventory process, a map of sites, overview of the site prioritization process, final scoring and ranking of sites and program principles & considerations.)

**2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)**

During the 2nd Quarter of FY 2016 several access agreements were completed. On March 8, 2016 access agreements were executed by the County with the Village of Germantown and the owner’s representatives for three parcels making up the Saxony Village Development.

On March 14, 2016 an access agreement was executed by the County with the City of West Bend and the West Bend Economic Development Corporation (WBEDC) for their parcel on Hi Mount Road in the City of West Bend.

Vandewalle & Associates completed the SRP Inventory and Prioritization Summary Memo that was included as an attachment in the 1st Quarter FY 2016 EPA Report.

**3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)**

During the 3rd Quarter of FY 2016 several access agreements were completed. On April 15, 2016 access agreements were executed by the County with the Village of Slinger and E.H. Wolf & Sons for two parcels as part of a redevelopment in the Village of Slinger.

On May 4, 2016 an access agreement was executed by the County with the City of Hartford and Hartford Main & State, LLC as part of the North Bookends project site in the City of Hartford. Additional access agreements will be executed in the 4th Quarter of FY 2016 for this project.

In response to questions from the property owner, the City Attorney and County Attorney concurred that the access agreement in place between the City of West Bend, Washington County and the owner of the former Bermico property allows Stantec to enter the property to continue testing.

**4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)**

During the 4th Quarter of FY 2016, access agreements were executed by the County with the City of Hartford for all properties within the North Bookend site.
Information on the grant program was sent to the property owners within the Village of Slinger Hwy 175 and Hwy 60 intersection project. On Sept. 20, 2016 a meeting was held with several owners (all were invited) to discuss the grant program, the environmental due diligence process and access agreements.

A draft access agreement was provided to the City of Hartford for the owner of the WB Place site.

1\textsuperscript{st} Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
During the 1\textsuperscript{st} Quarter of FY 2017, access agreements were finalized by the County with the City of Hartford and all property owners within the North Bookend site.

On November 3, 2016, an access agreement was finalized by the County with the Village of Richfield and the property owner of the Former Amici’s Restaurant site.

2\textsuperscript{nd} Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
During the 2\textsuperscript{nd} Quarter of FY 2017, an access agreement was drafted and submitted to the City of West Bend for the Former Blaine Site.

3\textsuperscript{rd} Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
During the 3\textsuperscript{rd} Quarter of FY 2017, an access agreement was executed for the Former Blaine Site in the City of West Bend.

An access agreement was executed for the 4991 Hron Road Property in the Town of West Bend.

4\textsuperscript{th} Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)
None for this Quarter.

D. Activities or Projects in Progress

4\textsuperscript{th} Quarter of FY 2015
During the beginning of 1\textsuperscript{st} Quarter of FY 2016, several meetings have been held for the purpose of completing the inventory of brownfield sites, finalizing the criteria and process to be used for prioritizing the sites, and then completing the prioritization.

1\textsuperscript{st} Quarter of FY 2016
During the 1\textsuperscript{st} Quarter of FY 2016, the County prepared draft access agreements for the eight parcels of the North Bookend sites in the City of Hartford. These are currently being reviewed by the parcel owners. Access agreements were also prepared by the County for the parcel owners of Site K in the Village of Germantown, awaiting Village Board approval of the Memorandum of Agreement (MOAs) that is scheduled for review at the February Village Board meeting.

2\textsuperscript{nd} Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
During the 2\textsuperscript{nd} Quarter of FY 2016, the County prepared draft access agreements for the two parcels owned by E. H. Wolf & Sons as part of their redevelopment project in
the Village of Slinger. These agreements were reviewed and signed by all parties on April 15, 2016.

Access agreements were also prepared by the County for the eight parcel owners of the site known as the North Bookends in the City of Hartford. The County has received three signed access agreements and anticipates that the remaining agreements will be forthcoming in the 3rd Quarter of FY 2016.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
The County and Stantec are currently working with the City of Hartford to obtain access agreements on the remaining parcels of the site known as the North Bookends in the City of Hartford. The County anticipates that the remaining agreements will be forthcoming in the 4th Quarter of FY 2016.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
The County and Stantec are currently working with the City of Hartford to obtain an access agreement with the owner of WB Place. Efforts by the City are continuing and are aimed at securing a signed access agreement from the property owner, as well as a commitment to participate in the assessment process.

The County, Stantec and Vandewalle & Assoc. are working with the Village of Slinger to obtain access agreements with owners within the Hwy 175 & Hwy 60 intersection. Efforts by the Village are continuing and are aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process.

The County and Stantec are working with the Village of Richfield to obtain access agreements with owners within the former Amici’s Restaurant site.

Vandewalle & Assoc. prepared a brief summary of information on a site in Kewaskum in anticipation of conducting an inventory and prioritization process later in the 1st Quarter of FY17.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
The County and Stantec are continuing to work with the City of Hartford to obtain an access agreement with the owner of WB Place. Efforts by the City are aimed at securing a signed access agreement from the property owner, as well as a commitment to participate in the assessment process.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
During the 2nd Quarter of FY 2017, an access agreement was drafted and submitted to the City of West Bend for the Former Blaine Site.

For the timing being, the City of Hartford has suspended efforts to secure an access agreement and to obtain the property owner’s participation in the assessment process for the Former W.B. Place Property. This was done in part to free up budget allocated for this property to a higher priority site and purpose (i.e., completion of site investigation work plan for the North Bookend redevelopment site in Hartford).
Efforts by the Village of Slinger are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process to the Hwy 175/Hwy 60 Intersection Project.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
During the 3rd Quarter of FY 2017, efforts by the Village of Slinger are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process to the Hwy 175/Hwy 60 Intersection Project.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
During this quarter, an access agreement is being prepared by the County for the Laubenheimer’s Garage property.

E. Deliverables

1st Quarter of FY 2016
During the 1st Quarter of FY 2016, as described above, the Countywide Inventory and Prioritization Process is complete and described in the attached document titled SRP Inventory and Prioritization Summary Memo.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
None.

3rd Quarter of FY 2016 (April. 1, 2016 – June 30, 2016)
None.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
None.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
None.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
None.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
None.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
None.

F. Percent Complete and Scheduled Activities

This task is currently estimated to be approximately 99% completed.
Quarterly Report No 1, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

4th Quarter of FY 2015
Scheduled activities for the 1st Quarter of FY 2016 (October 1 through December 31, 2015) include the Project Team determining variables and datasets to develop a GIS Brownfields database for analysis during the site prioritization process with the SRC. This process will also consider EDWC dashboard measures and location center tools for the EDWC website creation. Outputs of this process include completing a county wide brownfields inventory.

The Project Manager and EDWC will work with the Village of Jackson to further discuss and define their high priority site(s). Site and property owner eligibility determination requests will be completed for the three remaining high priority coalition site(s) including the City of West Bend, Village of Richfield and Village of Jackson.

The Project Manager and County Attorney will work with coalition partners to complete and execute property access agreements on the five high priority sites.

During the 1st Quarter of FY 2016, the PMT will conduct the prioritization of the brownfield inventory. This process will utilize the previously described three-level scoring system. Stantec—as the environmental expert—will score all environmental conditions criteria. The PMT will draw on its expertise in economic development/redevelopment to score the redevelopment feasibility criteria. Finally, the community goals criteria will be scored by the SRC members. The results of the prioritization process will be presented at an SRC meeting in December 2015.

2nd Quarter of FY 2016
Scheduled activities for the 2nd Quarter of FY 2016 (January 1 through March 31, 2016) includes the County preparing draft access agreements for those sites approved by the SRC in December for assessment funding.

The County Project Manager will work with the County GIS Department to integrate the completed inventory into the County GIS system.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
Scheduled activities for the 3rd Quarter of FY 2016 (April 1, 2016 through June 30, 2016) includes the County working with the City of Hartford to execute the remaining access agreements with property owners within the North Bookend site and the owner of the former WB Place.

The County Project Manager will prepare draft access agreements for sites that have been determined eligible by the USEPA for environmental assessment work including the seven parcels that make up the Hwy 175 / Hwy 60 Intersection in the Village of Slinger that was determined eligible by the USEPA on April 12, 2016.

4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016)
Scheduled activities for the 4th Quarter of FY 2016 (July 1, 2016 through Sept. 30, 2016) includes the County working with the City of Hartford to execute the
remaining access agreements with property owners within the North Bookend site and the owner of WB Place.

The County Project Manager will also work with the Village of Slinger to execute access agreements for environmental assessment work including the seven parcels that make up the Hwy 175 / Hwy 60 Intersection in the Village of Slinger that was determined eligible by the USEPA on April 12, 2016.

**1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)**

Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2016) include working with the Village of Slinger to execute access agreements for environmental assessment work including the seven parcels that make up the Hwy 175 / Hwy 60 Intersection. It is anticipated that access agreements for one or more parcels may be executed and a Phase I ESA completed during November or December 2016.

It is anticipated that access agreements for the two parcels of the former Amici’s Restaurant site will be finalized and the Phase I ESA completed during November 2016.

It is anticipated that an access agreement for W.B. Place in the City of Hartford will be signed, and a Phase I ESA completed during November or December 2016.

It is anticipated that an ED request for petroleum funding will be submitted to the Wisconsin DNR and if approved, an access agreement executed with the City of West Bend, and a Phase I ESA completed for the former Blaine property.

Vandewalle & Assoc. will conduct an exercise to add a new brownfield redevelopment site to the county wide inventory and ranking during the 1st Quarter FY17 reporting period.

The County Project Manager will work with the County GIS Department to integrate the completed inventory into the County GIS system.

**2nd Quarter of FY 2017 (Jan. 1, 2017 – March 31, 2017)**

It is anticipated that an access agreement for W.B. Place in the City of Hartford will be signed, and a Phase I ESA completed during 2nd Quarter FY17 reporting period.

It is anticipated that an ED request for petroleum funding will be submitted to the Wisconsin DNR and if approved, an access agreement executed with the City of West Bend, and a Phase I ESA completed for the former Blaine property.

Vandewalle & Assoc. will conduct an exercise to add a new brownfield redevelopment site to the county wide inventory and ranking during the 2nd Quarter FY17 reporting period for a site in the Village of Kewaskum.
The County Project Manager will work with the County GIS Department to integrate the completed inventory into the County GIS system.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)

It is anticipated that an access agreement for the Former Blaine Site in the City of West Bend will be signed, and a Phase I ESA completed during the 3rd Quarter of FY 2017.

Efforts will continue by the Village of Slinger to secure signed access agreements from the property owners, as well as commitments to participate in the assessment process for the Hwy 175/Hwy 60 Intersection Project.

4th Quarter of FY 2017 (July 1, 2017 – Sept 30, 2017)

Scheduled activities for the 4th Quarter of FY 2017 (July 1 through Sept. 30, 2017) include continuing efforts by the Village of Slinger to secure signed access agreements from the property owners, as well as commitments to participate in the assessment process for the Hwy 175/Hwy 60 Intersection Project.

The Project Management Team (PMT) will work with the Village of Jackson to determine sites based on the newly adopted Opportunity Analysis and Redevelopment Plan and secure access agreements on sites identified in the priority redevelopment areas for environmental assessment activities.

Coordinate with PMT and SRC to determine next steps in inventory and ranking program moving forward into next grant cycle.

The County Project Manager will work with the County GIS Department to integrate the completed inventory into the County GIS system.

Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2017) include securing a signed access agreement for the Laubenheimer’s Garage property.

Coordinate PMT and SRC to expend the remaining grant funds allocated to Task 1.

Task 2 – Conduct Phase I Environmental Site Assessments (ESAs)

A. Task Description

This task is described in the USEPA approved Implementation Work Plan as follows:

“Under the direction of the County, the environmental consulting firm will complete Phase I ESAs at 24 sites. Prior to performing Phase I ESAs, eligibility determination request forms will be prepared and submitted to USEPA (for hazardous substance brownfields) or WDNR (for petroleum brownfields) for approval. Upon confirmation of eligibility, Phase I ESAs will be completed in accordance with the All Appropriate
inquiries Final Rule and the standards set forth in the ASTM E1527-13 Phase I Environmental Site Assessment Process.’”

This task had a budget of $96,000 which included the environmental consulting firm, Stantec, under the direction of the County Project Manager, completing Phase I ESAs at 24 sites at an average cost of $4,000 per site.

On August 25, 2016, the EPA Project Officer approved a budget reallocation of $5000 from Task 2 (Phase I ESAs) to Task 3 – Area-wide Reuse/Redevelopment Planning for the Village of Jackson.

On Sept. 23, 2016, the EPA Project Officer approved a budget reallocation of $2,650 from Task 3 to Task 2 to cover additional costs to conduct Phase I ESAs on several sites (City of Hartford North Bookends, City of West Bend EDC site, Village of Slinger E.H. Wolf site) where the costs were higher than anticipated.

On January 26, 2017, the EPA Project Officer approved a budget reallocation of $5,000 from Task 3 to Task 2 to complete several anticipated Phase I ESAs and cover additional costs with completing eligibility determinations.

On February 28, 2017, the EPA Project Officer approved a budget reallocation of $6,000 from Task 2 to Task 3 to complete a site investigation work plan for the Northern Bookends site in the City of Hartford.

On April 6, 2017, the EPA Project Officer approved a budget reallocation of $4,000 from Task 3 to Task 2 for additional costs incurred for eligibility determinations (ED) as well as expected costs for future ED of sites.

On October 24, 2017 the USEPA Project Officer approved a budget reallocation of $19,114.19 from Task 2 to other tasks. No more additional work is anticipated for Task 2 of the FY14 grant. Currently allocated projects will be completed.

The current budget for Task 2 is $77,535.81.

B. New Activities or Projects Approved for Implementation by USEPA During the Fiscal Quarter

4th Quarter of FY 2015
Eligibility Determinations were approved by the USEPA Project Officer for the former Bermico site in the City of West Bend via email on September 22, 2015.

1st Quarter of FY 2016
Eligibility Determinations were approved by the USEPA Project Officer for the Former Niphos Coating Site in the Village of Slinger on Nov.18, 2015.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
Eligibility Determinations were approved by the USEPA Project Officer for the eight parcels making up the North Bookends Site in the City of Hartford on January 14, 2016, the three parcels making up the Saxony Village Development in the Village of Germantown on February 17, 2016 and the West Bend Economic Development Corporation site in the City of West Bend on March 9, 2016.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
Eligibility Determinations were approved by the USEPA Project Officer on April 12, 2016 for two parcels which are part of the E.H. Wolf & Sons Redevelopment Project in the Village of Slinger and seven parcels that make up the Hwy 175 / Hwy 60 Intersection in the Village of Slinger.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
An Eligibility Determination was approved by the USEPA Project Officer on August 12, 2016 for the City of Hartford WB Place site.

Wisconsin DNR determined that the North Bookends sites E and H are eligible under the Federal Petroleum Assessment Grant.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
Eligibility Determinations were approved by the USEPA Project Officer on October 12, 2016 for two sites that make up the former Amici’s Restaurant site in the Village of Richfield.

On November 18, 2016 the WI DNR determined eligibility under the petroleum assessment grant for the Squire Dr., Jacobus Oil and CMC Heartland parcels as part of the Saxony Development in the Village of Germantown.

On November 22, 2016 the WI DNR determined eligibility under the petroleum assessment grant for the Former Slinger Foundry Parking Lot as part of the E.H. Wolf redevelopment project in the Village of Slinger.

On November 30, 2016 the WI DNR determined eligibility under the petroleum assessment grant for the Former Gehl Co. property in the City of West Bend.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
On March 16, 2017 the WI DNR determined eligibility under the petroleum assessment grant for the Former Blaine Site in the City of West Bend.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
An Eligibility Determination was approved by the USEPA Project Officer on May 16, 2017 for the 4991 Hron Road property in the Town of West Bend.

4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)
None for this quarter.

C. Completed Activities or Projects
4th Quarter of FY 2015
During the 4th Quarter of FY 2015, work was initiated on completing eligibility determinations (EDs) for high priority brownfield sites in Slinger, West Bend, and Hartford. A draft ED was completed by Stantec for the WB Place site in Hartford, but put on hold after a determination was made that the site was being more fully utilized by a new occupant, and also that some environmental assessment activities had in fact been completed for the property. As a consequence, the City selected an alternative site to serve as its initial high priority site.

On September 9, 2015, ED’s for two sites (the former Niphos Coating facility in Slinger, and the former Bermico facility in West Bend) were completed and submitted to USEPA for review.

During September 2015, work began on preparation of ED’s for a 7 parcel redevelopment site in Hartford (North Bookend site).

1st Quarter of FY 2016
Numerous eligibility determinations (ED) were completed during this quarter for the following sites:

- **Former Niphos Coating Site** – Village of Slinger – The ED was completed by Stantec and reviewed by the County Project Manager and the Village of Slinger in Sept, 2015. The site was determined eligible by the USEPA Project Officer on November 18 2015. The Statute of Limitations date had expired regarding any outstanding cleanup costs and therefore any enforcement actions for recovery of such costs has been closed out by the USEPA. On December 21, 2015, the County took possession of the property as part of a tax delinquency process.
- **North Bookends Site** – City of Hartford – The ED for the eight sites were completed by Stantec on Oct. 21, 2015, reviewed and approved by the County Project Manager on Oct. 21, 2015 and the City of Hartford on November 10, 2015. The ED was sent to the EPA Project Officer on Nov. 11, 2015.
- **Former Blaine Property** – City of West Bend – The ED was completed by Stantec on Oct. 1, 2015, reviewed and approved by the County Project Manager on Oct. 2, 2015 and the City of West Bend on Oct. 6, 2015. The ED was sent to the USEPA Project Officer for review on Oct. 6, 2015. On Oct. 21, 2015 the USEPA responded that the site is currently not eligible.

Stantec completed the Phase I ESA for the former Bermico property in West Bend on Dec. 7, 2015. After review by the County Project Manager and the City of West Bend, the Phase I ESA was finalized and the sent to the EPA Project Officer on January 19, 2016 along with a signed All Appropriate Inquires Checklist.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
Numerous eligibility determinations (ED) requests and Phase I ESAs were completed during this quarter for the following sites:
Former Niphos Coating Site – Village of Slinger – The Petroleum ED request was completed by Stantec on February 22, 2016 and reviewed by the County Project Manager and the Village of Slinger on March 18, 2016. The Petroleum ED was finalized and submitted to the Wisconsin DNR on March 23, 2016. The site was determined eligible by the Wisconsin DNR on March 30, 2013.

Former Bermico Site – City of West Bend - The Petroleum ED request was completed by Stantec on February 22, 2016 and reviewed by the County Project Manager on February 24, 2016.

North Bookends Site – City of Hartford – The site was determined eligible by the USEPA Project Officer on January 14, 2016.

Saxony Village Development – Village of Germantown – The Hazardous Substances ED request for the three parcels were completed by Stantec on Feb. 10, 2016, reviewed and approved by the County Project Manager on Feb. 12, 2016 and the Village of Germantown on Feb. 17, 2016. The ED was sent to the USEPA Project Officer on Feb. 17, 2016. The site was determined eligible by the USEPA Project Officer on Feb. 17, 2016. Stantec completed the draft Phase I ESA on March 21, 2016 and send via email to the County Project Manager, the Village of Germantown, the owners representative and their environmental consultant for review.

West Bend Economic Development Corporation (WBEDC) Site – City of West Bend – The Hazardous Substances ED request for the this parcel was completed by Stantec on Feb. 11, 2016, reviewed and approved by the County Project Manager on Feb. 12, 2016 and the WBEDC on March 7, 2016. The ED was sent to the USEPA Project Officer on March 9, 2016. The site was determined eligible by the USEPA Project Officer on March 9, 2016. Stantec completed the draft Phase I ESA on March 31, 2016 and send via email to the County Project Manager, the City of West Bend and the WBEDC for review.

Hwy 175 / Hwy 60 Intersection – Village of Slinger – The Hazardous Substances ED request for these seven parcels completed by Stantec on March 25, 2016 for review by the County Project Manager and the Village of Slinger.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)

Saxony Village Development – Village of Germantown – The Phase I ESA was finalized by Stantec on April 7, 2016 and was sent along with the signed All Appropriate Inquiries to the USEPA on May 3, 2016. The Phase I ESA was also sent to the owner’s representative and Village of Germantown on May 3, 2016.

West Bend Economic Development Corporation (WB EDC) Site – City of West Bend – Stantec completed the draft Phase I ESA on March 31, 2016 and was approved by the County on April 4, 2016 and the WB EDC on April 12, 2016. The final Phase I ESA was completed by Stantec and distributed to the City of West Bend and the WB EDC on May 2, 2016. The Final Phase I ESA Report and signed All Appropriate Inquiries sent to USEPA on May 2, 2016.
- **Former Bermico Site** – City of West Bend - The Petroleum ED report was resubmitted to the City of West Bend for review and approval on July 20, 2016.

- **Former Blaine Site** – City of West Bend - The Petroleum ED report was resubmitted to the City of West Bend for review and approval on July 20, 2016. On April 12, 2016, the SRC approved $6,000 to complete a Phase I ESA on the site.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – Stantec completed a draft Hazardous ED for the E.H. Wolf project for review on April 1, 2016. The Hazardous ED was reviewed and approved by the County Project Manager and EH Wolf & Sons on April 4, 2016 and submitted to the USEPA Project Officer for approval on April 7, 2016. Both parcels were determined eligible by the USEPA Project Officer on April 12, 2016. The SRC approved $6,000 to complete a Phase I ESA on April 12, 2016. Stantec completed the Phase I ESA report and submitted it to the USEPA on May 11, 2016.

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – The Hazardous Substances ED was reviewed by the County Project Manager on April 4, 2016. All seven parcels of the site were determined eligible by the USEPA Project Officer on April 12, 2016.

- **Former WB Place Property** – City of Hartford - Stantec resubmitted updated Hazardous ED to City of Hartford for approval on July 22, 2016.

### 4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)

- **WB Place** – City of Hartford - An Eligibility Determination was approved by the USEPA Project Officer on August 12, 2016 for the City of Hartford.

- **North Bookends – City of Hartford** - Access agreements were executed with all property owners (4 total) and owner questionnaires sent and completed. The Phase I ESA was completed, and a final report issued on August 31, 2016. On Sept. 23, 2016 Stantec finalized the Petroleum ED and sends to WI DNR for approval. On Sept. 29, 2016 the WI DNR determined the North Bookends sites E and H were eligible under the Federal Petroleum Assessment Grant.

### 1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)

- **North Bookends – City of Hartford** - On Oct. 19, 2016 a corrected Phase I ESA report was issued (the parcel numbers were incorrectly referenced on several pages of the report).

- **Former Amici’s Restaurant Site** – Village of Richfield – Two parcels were determined eligible under the hazardous assessment grant by the USEPA Project Officer on Oct. 12, 2016. An access agreement was executed on Nov. 3, 2016. The Phase I ESA was completed by Stantec and a final report issued on Nov. 10, 2016. On Nov. 14, 2016, Stantec completed a reliance letter for the property developer.

- **WB Place** – City of Hartford – The City continued outreach towards the property owner, as part of efforts to secure access and to obtain the property owner’s participation in the assessment process.
• **Former Bermico Site** – City of West Bend - The Petroleum ED request form was finalized by Stantec on Nov. 4, 2016 for review by the County and City of West Bend. County Project Manager reviewed the Petroleum ED form on Nov. 8, 2016.

• **Redevelopment/Reuse Planning – Gehl Property** – City of West Bend – A petroleum ED approval request form was prepared for the main (8-acre) parcel and submitted to the Wisconsin DNR for approval on Nov. 22, 2016. Eligibility was approved by Wisconsin DNR on Dec. 2, 2016.

• **E.H. Wolf & Sons Redevelopment** – Village of Slinger – Stantec completed the petroleum ED approval request form for review on Nov. 11, 2016. It was submitted to the Wisconsin DNR for approval on Nov. 11, 2016. Eligibility was approved by Wisconsin DNR on Nov. 22, 2016.

• **Saxony Village Development** – Village of Germantown - Stantec completed the petroleum ED approval request forms for review for all three parcels on Nov. 10, 2016. They were submitted to the Wisconsin DNR for approval on Nov. 11, 2016. Eligibility was approved by Wisconsin DNR on Nov. 18, 2016.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)

• **WB Place** – City of Hartford – For the timing being, the City has suspended efforts to secure access and to obtain the property owner’s participation in the assessment process. This was done in part to free up budget allocated for this property to a higher priority site and purpose (i.e., completion of site investigation work plan for the North Bookend redevelopment site in Hartford).

• **Former Blaine Site** – City of West Bend - An eligibility determination request for use of petroleum funding was submitted to the WDNR on March 8, 2017, and approved on March 16, 2017. A draft access agreement was prepared by the County and submitted to the City for review.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)

• No additional Phase I ESAs were completed during the 3rd Quarter of FY2017.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)

• No additional Phase I ESAs were completed during the 4th Quarter of FY2017.

D. Activities or Projects in Progress

4th Quarter of FY 2015

An ED for an additional site in West Bend (the Blaine property) was completed and submitted to USEPA on October 6, 2015. Approval of eligibility for the Blaine property is pending a review by USEPA legal staff. Approval of eligibility for the former Niphos Coating site in Slinger is also pending closeout related to the removal action completed by USEPA several years ago (which is anticipated to occur during
the 1st Quarter of FY 2016). The Phase I ESA for the former Bermico property is in progress.

1st Quarter of FY 2016
Eligibility Determination (ED) Forms are in progress for the following sites:

- **Site #138 (West Bend EDC Site)** - West Bend – The ED is being developed for this site.
- **WB Place Site** – City of Hartford – the ED was updated by Stantec on Jan. 14, 2016. The County Project Manager approved this on Jan. 14, 2016 and it is currently being reviewed by the City of Hartford.
- **Cluster H (Former Gehl Property – Sites 97-100, 170-172)** – City of West Bend – initial data gathering for completion of ED’s for this 7 parcel redevelopment area is underway. Completion of the ED’s will follow additional discussions with the City of West Bend regarding specific assessment/reuse planning needs for each parcel.
- **Cluster B (Hwys 175/60 Redevelopment Area – Sites 20-26)** – Village of Slinger - initial data gathering for completion of ED’s for this 7 parcel redevelopment area is underway.
- **Cluster K (Saxony Village)** – Village of Germantown - initial data gathering for completion of ED’s for this 3 parcel redevelopment area is underway.

Stantec is beginning the Phase I ESAs for the parcels owned by the City of Hartford as part of the North Bookends Site. Phase I ESAs for the remaining parcels will be started once the access agreements are signed.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
Numerous eligibility determinations (ED) and Phase I ESAs were completed during this quarter for the following sites:

- **Saxony Village Development** – Village of Germantown – The Phase I ESA was finalized by Stantec on April 7, 2016. The County Project Manager will provide the USEPA Project Office the Phase I ESA with the All Appropriate Inquires Checklist.
- **West Bend Economic Development Corporation (WBEDC) site** – Stantec finalized the Phase I ESA on April 11, 2016. The County Project Manager will provide the USEPA Project Office the Phase I ESA with the All Appropriate Inquires Checklist.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - The Hazardous Substances ED request was completed by Stantec on April 1, reviewed and approved by the County Project Manager on April 4, 2016 and by E.H. Wolf & Sons on April 4, 2016. The ED was sent to the USEPA Project Officer on April 7, 2016. The site was determined eligible by the USEPA Project Officer on April 12, 2016. Stantec is currently working on the draft Phase I ESA for this project.
- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – The ED request for the seven parcels which make up the Hwy 175 / Hwy 60 Intersection was completed by Stantec on March 25, 2016 for review by the County Project
Manager and the Village of Slinger. The County Project Manager reviewed and approved the ED on April 4, 2016.

- **North Bookends Site** – City of Hartford – The City of Hartford is currently working to obtain the access agreements in anticipation of completing the Phase I ESA for the site.

### 3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)

- **West Bend Economic Development Corporation (WB EDC) Site** – City of West Bend – The site was reportedly put up for auction, with the Phase I ESA satisfying one of the requirements for the auction to be conducted.
- **Former Blaine Site** – City of West Bend - The draft Petroleum ED is under review by the City of West Bend.
- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – Work is on hold pending the securing of access agreements with all property owners.
- **Former WB Place Property** – City of Hartford – The draft Hazardous ED form is under review by the City of Hartford.
- **North Bookends Site** – City of Hartford – Efforts are underway to secure access for the remaining parcels.

### 4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)

- **Former Blaine Site** – City of West Bend - The draft Petroleum ED is under review by the City of West Bend.
- **Former Bermico Site** – City of West Bend – Stantec resubmitted the Petroleum ED request to the City for review and approval on July 20, 2016.
- **Former Amici’s Restaurant Site** – Village of Richfield - Eligibility Determinations were approved by the USEPA Project Officer on October 12, 2016 for two sites that make up the former Amici’s Restaurant site in the Village of Richfield.
- **Former Gehl Co. Property** – Stantec finalized Hazardous ED and submitted to USEPA for eligibility determination on Sept. 30, 2016. On October 13, 2016 the USEPA determines site is not eligible through the hazardous grant program.

### 1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)

- **Former W.B. Place Property** – City of Hartford – Efforts by the City are continuing aimed at securing a signed access agreement from the property owner, as well as a commitment to participate in the assessment process.
- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – Efforts by the Village are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process.
- **Former Blaine Property** – City of West Bend – A draft petroleum ED form is under review by the City.

### 2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)

- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – Efforts by the Village are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process.
Quarterly Report No 12, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

- **Former Blaine Property** – City of West Bend – Work was initiated on research and data review for the Phase I ESA. Review of the access agreement by the City is in progress.

- **Downtown Redevelopment Area** – Village of Jackson – With the adoption on March 14, 2017 of the *Opportunity Analysis & Redevelopment Plan* prepared for the Village’s downtown core, efforts are underway to select one or more high priority parcels that will be the focus for Phase I ESAs.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
- **Former W.B. Place Property** – City of Hartford – Efforts by the City are continuing aimed at securing a signed access agreement from the property owner, as well as a commitment to participate in the assessment process.

- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – Efforts by the Village are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in the assessment process.

- **Former Blaine Property** – City of West Bend – Site eligibility for petroleum funding was approved by the Wisconsin Department of Natural Resources (WDNR) on March 16, 2017. An access agreement between the City and County was executed on May 3, 2017. Work on the Phase I ESA is in progress.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
- **Former Blaine Property** – City of West Bend – Site eligibility for petroleum funding was approved by the Wisconsin Department of Natural Resources (WDNR) on March 16, 2017. An access agreement between the City and County was executed on May 3, 2017. Work on the Phase I ESA is in progress.

E. **Deliverables**

1st Quarter of FY 2016
Stantec completed the Phase I ESA for the former Bermico property in the City of West Bend on Dec. 7, 2015. After review by the County Project Manager and the City of West Bend, the Phase I ESA was finalized and sent to the USEPA Project Officer on January 19, 2016 along with a signed All Appropriate Inquires Checklist.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
- **Former Bermico Site** – City of West Bend - The Phase I ESA report for the former Bermico property in the City of West Bend was sent to the USEPA Project Officer on January 19, 2016 along with a signed All Appropriate Inquires Checklist.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
- **Saxony Village Development** – Village of Germantown – The Phase I ESA report was completed by Stantec on April 7, 2016. Copies of the report were
mailed to the Village and the property owner. The report and signed All Appropriate Inquiries was sent to the USEPA on May 3, 2016.

- **West Bend Economic Development Corporation (WBEDC) site** – City of West Bend – The final Phase I ESA report was issued on May 2, 2016. Copies of the report were mailed the City and the property owner. The report and signed All Appropriate Inquiries was sent to the USEPA on May 2, 2016.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – An ED form was completed and submitted to the USEPA on April 7, 2016. Stantec completed the final Phase I ESA report and submitted it USEPA on May 11, 2016. Copies of the report were mailed to the City and the property owner on May 11, 2016.

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – An ED form was completed and submitted to the USEPA in April.

### 4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
- **North Bookends Site** – City of Hartford – The Phase I ESA was completed, and a final report issued on August 31, 2016. A correct report was issued on October 19, 2016 (the parcel numbers were incorrectly referenced on several pages of the report).

### 1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
- **North Bookends Site** – City of Hartford – A corrected Phase I ESA report was issued on Oct. 19, 2016.

- **Former Amici’s Restaurant Parcels** – Village of Richfield – A Phase I ESA report for the two parcels was issued on Nov. 11, 2016.

### 2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
- **Former Blaine Property** – West Bend – A petroleum ED form was completed and submitted to the WDNR.

### 3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
- **Former Blaine Property** – City of West Bend – Completed deliverables include a petroleum eligibility determination and a signed access agreement.

### 4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
None this quarter.

F. **Percent Complete and Scheduled Activities**

This task is currently estimated to be approximately 77% completed.

### 1st Quarter of FY 2016

It is anticipated that the Phase I ESA for the former Bermico site will be completed during November 2015. It is anticipated that EDs will be submitted for additional sites, and (subject to confirmation of eligibility) that Phase I ESA will be completed for the Blaine, Niphos Coating, and North Bookend sites.
2nd Quarter of FY 2016
Scheduled activities for the 2nd Quarter of FY 2016 (January 1 through March 31, 2016) include preparing Eligibility Determinations for those sites approved by the SRC in December for assessment funding.

The initial Phase I ESA for the Bermico site was higher cost due to its complex issues and large size. However, with the planned assessment of several multi-parcel sites (for which per parcel costs will be significantly lower) it is anticipated that the number and type of deliverables for this task will meet or exceed those required under the Work Plan.

Stantec will continue with the owner interviews, on-site inspections, and report preparation for the Phase I ESAs for all of the parcels that make up the North Bookend Site in the City of Hartford once the access agreements are signed. Stantec also anticipates beginning the Phase I ESA for WB Place in the City of Hartford upon the approval of the ED by the City of Hartford and the USEPA Project Officer and obtaining a signed access agreement.

It is anticipated that the PMT will meet with local representatives to determine the scope of work necessary for Site 138 – the West Bend EDC Site in the City of West Bend. It is anticipated that a Phase I ESA for the West Bend EDC property (Site #138) will be completed this quarter.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
Scheduled activities for the 3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016) include the following:

- **Former Bermico Site** – City of West Bend – Complete the Petroleum ED request and submit to the Wisconsin DNR for approval. No additional activities related to the Phase I ESA are anticipated.
- **Former Blaine Property** – City of West Bend – It is anticipated that a ED request will be approved, an access agreement will be executed with the City and that the Phase I ESA will be completed and the report submitted to the USEPA.
- **North Bookends Site** – City of Hartford – It is anticipated that the Phase I ESA will be completed and the report submitted to the USEPA.
- **Saxony Village Development** – Village of Germantown – No additional Phase I ESA related activities are anticipated beyond use of the report as supporting documentation for a grant application being prepared by the property owner/developer seeking cleanup funding from the Wisconsin Economic Development Corporation (WEDC).
- **West Bend Economic Development Corporation (WBEDC) site** – City of West Bend – No additional activities related to the Phase I ESA are anticipated other than use of the completed report to support a sale/auction process.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - It is anticipated that the Phase I ESA will be completed and the report submitted to USEPA.
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – It is anticipated that access agreements will be secured with select property owners and the Phase I ESA process will be underway.
- **Former WB Place Property** – City of Hartford - It is anticipated that access agreements will be secured with select property owners and the Phase I ESA process will be underway.
- **Village of Jackson** - No activities are anticipated unless a priority site in need of a Phase I ESA is identified over the next several weeks through the redevelopment reuse planning project.

### 4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016)
Scheduled activities for the 4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016) include the following:

- **Former Blaine Property** – City of West Bend – It is anticipated that an ED request will be approved, an access agreement executed with the City and a Phase I ESA completed.
- **North Bookends Site**– City of Hartford – It is anticipated that the final access agreements will be signed and the Phase I ESA completed.
- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – It is anticipated that access agreements will be secured and a Phase I ESA completed.
- **Former WB Place Property** – City of Hartford - It is anticipated that an ED request will be submitted to the USEPA, approved, an access agreement signed, and a Phase I ESA completed.

### 1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2016) include the following:

- **Former Blaine Property** – City of West Bend – It is anticipated that an ED request for petroleum funding will be submitted to the Wisconsin DNR and if approved, an access agreement will be executed with the City, and a Phase I ESA completed.
- **Former Amici’s Restaurant Site** – Village of Richfield -It is anticipated that access agreements for the two parcels will be finalized and the Phase I ESA completed during November 2016.
- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – It is anticipated that access agreements for one or more parcels may be executed and a Phase I ESA completed during November or December 2016.
- **Former WB Place Property** – City of Hartford - It is anticipated that an access agreement will be signed, and a Phase I ESA completed during November or December 2016.
- **Former Gehl Co. Property** – On October 14, 2016 the City of West Bend requests the County apply for Petroleum eligibility through the WI DNR.

### 2nd Quarter of FY 2017 (Jan. 1, 2017 – March 31, 2017)
Scheduled activities for the 2nd Quarter of FY 2017 (Jan. 1 through March. 31, 2016) include the following:
- **Former Blaine Property** – City of West Bend – It is anticipated that an ED request for petroleum funding will be submitted to the Wisconsin DNR and if approved, an access agreement will be executed with the City, and a Phase I ESA completed.
- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – It is anticipated that access agreements for one or more parcels may be executed and a Phase I ESA completed during the 2\textsuperscript{nd} quarter of FY2017.
- **Former WB Place Property** – City of Hartford - It is anticipated that an access agreement will be signed, and a Phase I ESA completed during the 2\textsuperscript{nd} quarter of FY2017.

**3\textsuperscript{rd} Quarter of FY 2017 (April 1, 2017 – June 30, 2017)**
Scheduled activities for the 3\textsuperscript{rd} Quarter of FY 2017 (April 2017 through June 30, 2017) include the following:
- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – It is anticipated that access agreements for one or more parcels may be executed and a Phase I ESA completed during the 3\textsuperscript{rd} quarter of FY2017.
- **Former Blaine Property** – City of West Bend – During the 3\textsuperscript{rd} quarter, it is anticipated that: (a) the access agreement will be executed, (b) the site investigation and other data collection activities will be completed, and (c) the Phase I ESA report will be completed.
- **Downtown Redevelopment Area** – Village of Jackson – It is anticipated that work on one or more Phase I ESAs may begin during the 3\textsuperscript{rd} quarter.

**4\textsuperscript{th} Quarter of FY 2017 (July 1, 2017 – Sept 30, 2017)**
Scheduled activities for the 4\textsuperscript{th} Quarter of FY 2017 (July 2017 through Sept. 30, 2017) include the following:
- **Former W.B. Place Property** – City of Hartford – It is anticipated that an access agreement will be signed and a Phase I ESA completed during the 4\textsuperscript{th} quarter of FY2017.
- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – Efforts by the Village are continuing aimed at securing signed access agreements from the property owners, as well as commitments to participate in a Phase I assessment process.
- **Former Blaine Property** – City of West Bend – It is anticipated that the Phase I ESA for the property will be completed during the 4\textsuperscript{th} quarter.

**1\textsuperscript{st} Quarter of FY 2018 (Oct. 1, 2017 – Dec. 31, 2017)**
Scheduled activities for the 1\textsuperscript{st} Quarter of FY 2017 (Oct. 1 through Dec. 31, 2017) include the following:
- **Former Blaine Property** – City of West Bend – It is anticipated that the Phase I ESA for the property will be completed during the 1\textsuperscript{st} quarter of FY2018.

Coordinate PMT and SRC to expend the remaining grant funds allocated to Task 2.
Task 3 – Conduct Phase II Environmental Site Assessments, Site Investigations, and Remedial/Reuse Planning Activities

A. Task Description

This task is described in the USEPA approved Implementation Work Plan as follows:

“On sites that meet the site-specific eligibility requirements, and are approved for use of USEPA funds, by the USEPA (hazardous substance brownfields) and/or WDNR (petroleum brownfields), the County may use the assessment funds to conduct Phase II ESAs, site investigations, remedial planning and other brownfield reuse planning activities. Phase II site investigation activities are likely to include soil and groundwater sampling and may include magnetometer surveys, trenching to confirm anomalies, asbestos surveys and sampling for other hazardous building materials. Additional field services provided by USEPA may include geophysical characterization, such as ground penetrating radar or electro-magnetic surveys. Greener and Sustainable Remediation principles will be incorporated into project tasks using the ASTM Greener Cleanup Standard Guide.”

The original budget for Task 4 was $410,650 which includes a QAPP, four asbestos/hazardous building material surveys, seven Phase II ESAs, eight remedial action plans and two brownfield area-wide reuse plans.

On October 21, 2015, the USEPA Project Officer approved a budget reallocation of $35,000 within Task 3 from Phase II ESAs to Reuse/Redevelopment Planning for the Village of Richfield. On January 18, 2016, the USEPA Project Officer approved a budget reallocation of $44,500 from Task 3 to Task 1 ($37,500) to offset costs of the Countywide Inventory and Site Selection/Prioritization Process and Task 4 ($7,000) to allow consultants to continue to participate in regular PMT and SRC meetings as the project moves forward.

On August 25, 2016, the EPA Project Officer approved a budget reallocation of $5000 from Task 2 (Phase I ESAs) to Task 3 – Area-wide Reuse/Redevelopment Planning for the Village of Jackson.

On Sept. 23, 2016, the EPA Project Officer approved a budget reallocation of $11,100 from Task 3 to other tasks as described in Section II – Budget Overview of this quarterly report.

On January 26, 2017, the EPA Project Officer approved a budget reallocation of $5,000 from Task 3 to Task 2 to complete several anticipated Phase I ESAs and cover additional costs with completing eligibility determinations.

On February 28, 2017, the EPA Project Officer approved a budget reallocation of $6,000 from Task 2 to Task 3 to complete a site investigation work plan for the Northern Bookends site in the City of Hartford.
On April 6, 2017, the EPA Project Officer approved a budget reallocation of $10,500 from Task 3 to other tasks as described in Section II – Budget Overview of this quarterly report.

On October 24, 2017 the USEPA Project Officer approved a budget reallocation of $6,959.64 from Task 2 to Task 3 as described in Section II – Budget Overview of this quarterly report.

The current budget for Task 3 is $357,509.64.

B. New Activities or Projects Approved for Implementation by U. S. EPA During the Fiscal Quarter

1st Quarter of FY 2016
On October 21, 2015, the USEPA Project Officer approved a budget reallocation of $35,000 within Task 3 from Phase II ESAs to Reuse/Redevelopment Planning for the Village of Richfield in an area encompassing the northwest corner of the Interstate 41/Hwy45 and Hwy 167 Interchange.

On November 11, 2015, the Quality Assurance Project Plan (QAPP) was conditionally approved by the USEPA.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
- **Former Niphos Coating Site** – Village of Slinger – The draft Site-Specific Sampling and Analysis Plan (SSAP) was approved by the USEPA Project Officer on Feb. 2, 2016.
- **Former Bermico Site** – City of West Bend – The draft Site-Specific Sampling and Analysis Plan (SSAP) was approved by the USEPA Project Officer on Feb. 3, 2016.

3rd Quarter of FY 2016 (April. 1, 2016 – June 30, 2016)
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – The draft Site-Specific Sampling and Analysis Plan (SSAP) was approved by the USEPA Project Officer on May 11, 2016.
- **Saxony Village Development** – Village of Germantown – The draft Site-Specific Sampling and Analysis Plan (SSAP) was approved by the USEPA Project Officer on May 3, 2016. The Phase II – Site Investigation Report was provided to the US EPA Project Officer on June 9, 2016.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
- **North Bookends Sites** – City of Hartford – Stantec completed and submitted a Site Specific Sampling Analysis Plan (SSAP) to USEPA on August 31, 2016. The SSAP is approved by the USEPA Project Officer on Sept. 1, 2016 for non-city owned properties.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
Redevelopment/Reuse Planning – Gehl Property – City of West Bend – A petroleum eligibility approval request form was prepared for the main (8-acre) parcel and submitted to the Wisconsin DNR for approval on Nov. 22, 2016. Eligibility was approved by Wisconsin DNR on Dec. 2, 2016.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)  
On March 16, 2017 the WI DNR determined eligibility under the petroleum assessment grant for the Former Blaine Site in the City of West Bend.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)  
- 4991 Hron Road Property – Town of West Bend – A hazardous substance eligibility form was completed and submitted to USEPA on May 10, 2017. A Site-Specific Sampling and Analysis Plan was completed and submitted to USEPA on May 26, 2017.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)  
- 4991 Hron Road Property – Town of West Bend – A scope of work for Site Investigation was forwarded to USEPA on August 10th with a request for USEPA to confirm eligibility of the work for the assessment grant. Eligibility was confirmed by USEPA Project Officer on August 25th.
- Laubenheimer’s Garage Property – Village of Richfield – This is a new Phase II ESA site for which an eligibility determination request was submitted to USEPA on August 15th and approved on August 15th. A work plan for a supplemental site investigation is in preparation.

C. Completed Activities or Projects

3rd Quarter of FY 2015  
During the 3rd Quarter of FY 2015, the County and Stantec completed the pre-QAPP conference call meeting with Jan Pels, USEPA Brownfields Quality Assurance Reviewer on May 5, 2015.

In early June 2015, Stantec solicited bids from multiple labs for use on the project. Four labs were selected (Test America Laboratories, Inc.; CT Laboratories; Environmental Monitoring and Technologies, Inc. [EMT] and Legend Technical Services, Inc.). CT Laboratories and Legend Technical Services, Inc. are both Woman-Owned Business Enterprises (WBEs). EMT is a Service Disabled Veteran Owned Small Business Enterprise (SDVOSBE). Solicitation of bids from these firms, and inclusion in the QAPP, were performed as part of the Six Good Faith Efforts to ensure participation by Disadvantaged Business Enterprises (DBE) in the project.

4th Quarter of FY 2015  
Revision 0 of the Quality Assurance Project Plan (QAPP), which was submitted to USEPA on July 15, 2015.
1st Quarter of FY 2016
None.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)

- **Former Niphos Coating Site** – Village of Slinger – A site visit with the asbestos-lead based paint (LBP) survey contractor (NorthStar Environmental Testing LLC [NorthStar]) was completed on January 5, 2016. A proposal for the asbestos/LBP testing survey was prepared by NorthStar on January 6, 2016. A draft Site-Specific Sampling and Analysis Plan (SSAP) was completed by Stantec on January 20, 2016 and submitted for review by the County and the Village. The County Project Manager reviewed the SSAP on January 25, 2016. The SSAP was finalized and submitted to the USEPA Project Officer on Feb. 1, 2016. The SSAP was approved by the USEPA Project Officer on Feb. 2, 2016. Collection of samples of suspected asbestos containing materials (ACM) as well as LBP testing was completed by NorthStar on February 22, 2016. Soil sampling was conducted by Stantec on February 22, 2016 and groundwater sampling on February 23, 2016. On March 10, 2016, asbestos/LBP survey reports were issued by NorthStar, with separate reports issued for the main building at 308 Oak Street and for the rear building at 310 Oak Street. An analytical report for the soil and groundwater samples was issued by CT Laboratories to Stantec on March 11, 2016.

- **Former Bermico Site** – City of West Bend – A visit by the asbestos contractor was completed on January 5, 2016. A proposal for the survey was provided by the contractor to Stantec on January 6, 2016. The draft Site-Specific Sampling and Analysis Plan (SSAP) was completed by Stantec on January 22, 2016 and reviewed by the County Project Manager and the City of West Bend on January 25, 2016. The SSAP was finalized and submitted to the USEPA Project Officer on Feb. 1, 2016. The SSAP was approved by the USEPA Project Officer on Feb. 3, 2016. Collection of samples of suspected asbestos containing materials (ACM) as well as lead-based paint testing was completed on February 16 - 17, 2016 and March 2nd. A report documenting the pre-demolition survey findings was issued on March 17, 2016. Completion of the Phase II ESA is on hold pending potential award of a Site Assessment Grant (SAG) from the Wisconsin Economic Development Corporation (WEDC).

- **Saxony Village Development** – Village of Germantown – Some discussions related to the Phase 2 ESA occurred subsequent to completion of the draft Phase I ESA report.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – There were some initial communications regarding the property with the Village, company representatives, Stantec, Economic Development Washington County (EDWC), and the County.

- **Northeast Corridor Redevelopment Opportunities Analysis** – Village of Richfield – Vandewalle & Assoc. worked with the PMT and the Village of Richfield in developing an area wide plan for the northeast corridor of the Village. Major tasks included finalizing the market analysis research, assess & opportunities and regional context maps, identifying catalytic projects, programs and growth opportunities in each of the project sub-areas.
A public charrette was conducted on March 8, 2016 which began with an overview of the SRC program. Participants rotated through four stations based on specific geographic sub-areas and provided input on particular topics to each area. A draft plan was completed on March 25, 2016 for review by the PMT and the Village of Richfield. The plan includes all analysis completed, recommendations for future development within the entire study area and sub-areas, an implementation strategy, and an identification of Brownfields needed further investigation.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)

- **Former Niphos Coating Site** – Village of Slinger – Water level measurements and surveying were completed at the property during April 2016. Work continued on completion of the supplemental Phase II ESA report. Several meetings were held to discuss potential reuse/redevelopment of the site with the County, Stantec, Vandewalle & Assoc. and the Village of Slinger. The Final SSAP was sent to the Village of Slinger on May 2, 2016. On July 21, 2016, the County took action to move forward with filing a WI DNR Closure Report for the site. The County will be working with Stantec on this report.

- **Former Bermico Site** – City of West Bend –A report documenting the pre-demolition survey findings was sent to the property owner and City of West Bend on May 2, 2016. On April 12, 2016, the SRC approved $21,000 to fully leverage Site Assessment Grant (SAG) dollars from the Wisconsin Economic Development Corporation (WEDC) to complete assessment and investigation activities at the site. Completion of the Phase II ESA is on hold pending potential award of the SAG funds.

- **Saxony Village Development** – Village of Germantown –The Site-Specific Sampling and Analysis Plan (SSAP) was approved by the USEPA Project Officer on May 3, 2016. Stantec completed the Phase II – Site Investigation Report for review on May 27, 2016. The County reviewed the report on June 6, 2016. The report was sent to the owner’s representative and engineering consultant and forwarded to the WI DNR on June 9, 2016. The Phase II – Site Investigation Report was provided to the US EPA on June 9, 2016.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – The Site-Specific Sampling and Analysis Plan (SSAP) was completed by Stantec on May 6, 2016 and approved by the USEPA Project Officer on May 11, 2016. On April 12, 2016, the SRC approved $35,000 to complete testing and a Phase II ESA. Field work for the Phase II ESA was completed by Stantec between May 26-31. Stantec completed the Phase II ESA for review on July 14, 2016. The presence of contamination on the two parcels was reported to the Wisconsin DNR.

- **Northeast Corridor Redevelopment Opportunities Analysis** – Village of Richfield – Vandewalle & Assoc. completed the final draft of the Northeast Redevelopment Opportunities Analysis on April 1, 2016. The County reviewed the report on April 4, 2016. The County Project Manager and Vandewalle & Assoc. presented the report to the Village of Richfield Board on April 7, 2016. The final report was completed by Vandewalle & Assoc. on June 10, 2016.

- **Former Blaine Property** – City of West Bend - On April 12, 2016, the SRC approved $18,000 to complete testing and a Phase II ESA.
Quarterly Report No 1, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

- **Former Gehl Co. Property** – City of West Bend - There have been several meetings with Vandewalle & Assoc., Stantec, Washington County and the City of West Bend to discuss the scope of work and timeline of developing a redevelopment opportunities analysis for the site.

**4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)**

- **Former Niphos Coating Site** – Village of Slinger - A draft supplemental Phase II ESA report was completed on July 29, 2016 by Stantec.
- **Saxony Village Development** – Village of Germantown - Additional soil sampling was completed at the site on August 19, 2016. Samples were collected from 8 soil borings and analyzed for PVOCs. A report documenting the additional sampling was completed on Sept. 1, 2016 by Stantec.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - The Phase II ESA report was completed by Stantec on July 27, 2016.
- **Redevelopment/Reuse Planning** – Village of Jackson – Vandwalle & Assoc. completed the following:
  - Prepared due diligence, and background information on the Village of Jackson and key redevelopment opportunities
  - Outreached and coordinated with stakeholders for interviews
  - Prepared base maps and collected necessary GIS data to produce maps and graphics
  - Developed a market analysis and summary memo to determine the key market opportunities to target to potential redevelopment sites
  - Attended a kickoff meeting and community tour with village staff and PMT

**1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)**

- **North Bookend Site** – City of Hartford – Stantec completed soil sampling at the site on Oct. 20-21, 2016. A Phase II ESA was completed for the eight parcels with a report issued on Dec. 12, 2016. Meetings were conducted at the City of Hartford with property owners, the developer, City of Hartford staff, County Project Manager and Stantec to review findings of Phase II ESA.
- **Redevelopment/Reuse Planning** – Village of Jackson – Jackson Community Brownfield Redevelopment Plan efforts were initiated:
  - Developed and created project plan maps and graphics.
  - Outreached and interviewed additional key community stakeholders.
  - Developed draft material for November 2016 public input meeting.
  - Participated in program PMT check-in meeting and content development work session.
  - Developed draft plan document for review by project management team and Village planning team.
  - Prepared due diligence, and background information on the Village of Jackson and key redevelopment opportunities.
- **Former Niphos Coatings Property** – Village of Slinger – A cleanup plan/bid document was prepared to address an area of exposed contaminated soil identified during the supplemental Phase II ESA.
2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)

- **North Bookend Site** – City of Hartford – Release notifications were submitted to the Wisconsin DNR on 1/4/2017 in response to contamination documented on several of the parcels during the Phase II ESA. Funding was allocated for use in preparing a Site Investigation Work Plan for submittal to WDNR detailing additional sampling needed to complete definition of the magnitude and extent of impacts documented during the Phase II ESA. The Work Plan was submitted to the WDNR on 3/10/2017.

- **Redevelopment/Reuse Planning** – Village of Jackson – Area-wide reuse planning was completed for the Village’s downtown core. Prepared presentation material including handouts and comment forms, PowerPoint, and map boards for the open house and Village Board meeting. Conducted an Open House to present the final Plan to the residents of the Village. Presented the final Plan to the Village Board and Plan Commission and proposed adoption of the Plan as an amendment to the Village’s comprehensive plan. Prepared an adopted final version of the Plan to incorporate a last round of public comments and Village Board/Plan Commission feedback. The results of the planning were summarized in an *Opportunity Analysis & Redevelopment Plan* that was formally adopted by the Village of Jackson on 3/14/2017.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)

No additional Phase II ESAs were completed in their entirety during the 3rd quarter.

The Village of Jackson Opportunities Analysis & Redevelopment Plan was finalized and presented to the Site Redevelopment Committee on June 6, 2017 by Vandewalle & Associates.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)

- **4991 Iron Road Property** – Town of West Bend – The Phase II ESA for the property was completed. Several follow-up activities were completed as well, including: (a) a meeting on July 7, 2017 with the property owners, real estate broker, and a prospective buyer; (b) a release notification was completed on July 10, 2017 to provide formal notice to the Wisconsin Department of Natural Resources (WDNR) on behalf of the property owner of the discovery of soil and groundwater contamination at the property, and (c) a meeting on July 31, 2017 with representatives from the Wisconsin Department of Natural Resources (WDNR) “Green Team” to discuss response actions necessary to address the contamination, including additional environmental testing.

D. Activities or Projects in Progress

4th Quarter of FY 2015

Revision 0 of the QAPP is currently under review by USEPA staff. The PMT has drafted a scope of work for the City of West Bend’s priority redevelopment area.
1st Quarter of FY 2016
Stantec worked on completing a draft Sampling and Analysis Plan (SAP) for the former Bermico site in the City of West Bend. The SAP was completed on January 25, 2016. Stantec is also working on completing a draft Sampling and Analysis Plan for the former Niphos site in the Village of Slinger. The SAP was completed on January 25, 2016.

Vandewalle is working on completing the Village of Richfield Northeast Brownfield Redevelopment and Infill Growth Strategy. Work completed during this quarter included conducting background/due diligence research, a full-day site visit including a tour and five focus group meetings on December 9, 2015, preparing base maps, conducting stakeholder interviews over the phone, a structural conditions analysis, and coordinating the project with the Village Administrator. For more information, see attached Scope of Services.

Vandewalle and the County Project Manager met with officials from the Village of Jackson on December 17, 2015 to discuss plans to produce an opportunity analysis for the Village as part of their ongoing strategic planning efforts.

Stantec is working on completing Revision 1 of the Quality Assurance Project Plan (QAPP) based on comments received from the USEPA review of Revision 0 of the QAPP.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
- Former Niphos Coating Site – Village of Slinger – Stantec is currently working on the Site Investigation Report.
- Saxony Village – Village of Germantown - Anticipating USEPA approval of SSAP.
- Northeast Corridor Redevelopment Opportunities Analysis – Village of Richfield – Vandewalle & Assoc. worked with the Village of Richfield and the PMT to produce the final draft plan which was provided to the USEPA Project Officer on April 1, 2016. The final draft plan was presented to the Village Board on April 7, 2016.
- Redevelopment/Reuse Planning – Village of Jackson – Vandewalle & Assoc. worked with the PMT and the Village of Jackson in developing a scope of work.

3rd Quarter of FY 2016 (April. 1, 2016 – June 30, 2016)
- Redevelopment/Reuse Planning – Village of Jackson – Vandewalle & Assoc. is working with the County and the Village of Jackson in finalizing a scope of work and timeline. The scope of work, including a budget reallocation request will be provided to the USEPA Project Officer for approval.
- Former Niphos Coating Site – Village of Slinger – The supplemental Phase II ESA report is being finalized.
Quarterly Report No 12, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for
Hazardous Substance & Petroleum Brownfields

- **Former Bermico Site** – City of West Bend – Work on the Phase II ESA is on hold pending the results of efforts to secure additional assessment funding from the Wisconsin Department of Commerce.

- **Saxony Village Development** – Village of Germantown – Stantec is working with the developer and their consultant in efforts to secure approvals necessary for the site to proceed with remediation and construction. Stantec is in the process of determining the scope of work for a second phase of testing.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – Work on grant funded activities is complete.

- **Former Blaine Property** – City of West Bend – Stantec is currently working to secure eligibility for use of either hazardous substance or petroleum funding for this property.

- **North Bookends Site** – City of Hartford – Work on the Phase II ESA is on hold pending completion of access agreements and the Phase I ESA.

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – Work is on the Phase II ESA is on hold pending completion of access agreements and the Phase I ESA.

- **Former WB Place Property** – City of Hartford - The draft ED form is under review by the City.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)

- **Former Niphos Coating Site** – Village of Slinger – A draft supplemental Phase II ESA report was completed on July 29, 2016 by Stantec. The report recommendations are being revised in response to an anticipated change in future land use.

- **Former Bermico Site** – City of West Bend – Work on the Phase II ESA is on hold pending the results of efforts to secure additional assessment funding from the Wisconsin Department of Commerce.

- **Former Blaine Property** – City of West Bend – Currently working to secure eligibility for use of either hazardous substance or petroleum funding for this property.

- **North Bookends Site** – City of Hartford – Work on the Phase II ESA is in progress.

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – Work on the Phase II ESA is on hold pending completion of access agreements and the Phase I ESA.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – All assessment activities to be funded via the USEPA brownfields grant are complete. Work began on demolition of the former foundry buildings and remediation of the site using private and state funding.

- **Redevelopment/Reuse Planning** – Village of Jackson – Vandewalle & Assoc. completed the following:
  - Developed and created project plan maps and graphics
  - Outreached and interviewed additional key community stakeholders
  - Developed draft material for November 2016 public input meeting
  - Participated in program PMT check-in meeting and content development work session
• **Former Gehl Co. Property Reuse Plan** – City of West Bend – Several conference calls were conducted with City of West Bend staff to discuss project details and determine the best scope of work to aid successful redevelopment of the site.

**1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)**

- **North Bookend Site** – City of Hartford – Release notifications were submitted to the Wisconsin DNR on Jan. 4, 2017 in response to contamination documented on several of the parcels during the Phase II ESA.

- **Former Niphos Coatings Property** – Village of Slinger – Remedial plans are being finalized.

- **Former Gehl Co. Property Reuse Plan** – City of West Bend – A brief organizational meeting was held in mid-January to discuss project kickoff and refine the scope of services to reflect current conditions. This meeting included Vandewalle & Associates, Washington County, and City of West Bend staff.

**2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)**

- **North Bookend Site** – City of Hartford – Additional work on the site is in progress but is being performed outside of the EPA grant. This work included preparation of an application for a $150,000 Site Assessment Grant from the Wisconsin Economic Development Corporation (WEDC) which will be used to fund additional environmental investigation activities at the site, as well as assessment and abatement of asbestos and hazardous building materials, and demolition of six building as part of preparations for construction and redevelopment. The City is committing $75,000 in matching funds to support the WEDC application.

**3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)**

- **4991 Hron Road Property** – Town of West Bend – A hazardous substance eligibility form was completed and submitted to USEPA on May 10, 2017. A Site-Specific Sampling and Analysis Plan was completed and submitted to USEPA on May 26, 2017. Soil sampling was completed at the site on June 7th and 8th. Groundwater sampling was completed at the site on June 12th.

**4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)**

- **4991 Hron Road Property** – Town of West Bend – A proposal for performance of additional site investigation, remedial action options evaluation, and remedial action plan development was prepared by Stantec based on requirements detailed by WDNR in the Green Team meeting on July 31st. The proposal (dated August 9th) include a cost estimate of $29,159 for performance of the scope of work and was forwarded to USEPA on August 10th with a request for USEPA to confirm eligibility of the work for the assessment grant. Eligibility was confirmed by USEPA in an email from Fred
Bartman to Deb Sielski dated August 25th. On September 17th, the Site Redevelopment Committee approved allocating $16,000 in additional USEPA funding to help pay for up to $14,580 of the costs as well as additional coordination activities associated with use of USEPA funding.

- **Laubenheimer’s Garage Property** – Village of Richfield – This is a new Phase II ESA site for which an eligibility determination request was submitted to USEPA on August 15th and approved on August 15th. A work plan for a supplemental site investigation is in preparation.

E. **Deliverables**

4th Quarter of FY 2015
Revision 0 of the QAPP was submitted to USEPA for review.

1st Quarter of FY 2016
On January 18, 2016, the USEPA Project Officer approved a budget reallocation that changed the Phase II ESA and Reuse/Redevelopment Planning deliverables in Task 3. See Section II – Budget Overview and Section III – Modifications to the Work Plan above for details.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
- **Former Bermico Site** – City of West Bend – A report documenting the pre-demolition survey findings will be distributed in the 3rd Quarter of FY 2016.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
- **Northeast Corridor Redevelopment Opportunities Analysis** – Village of Richfield – Vandewalle & Assoc. completed the final report of the Northeast Redevelopment Opportunities Analysis on June 10, 2016. See attached report.
- **Saxony Village Development** – Village of Germantown – A sampling and analysis plan was submitted to USEPA on 4/26/2016. A supplemental site investigation report was completed on May 27, 2016. Copies of the report were mailed to the Village, the property owner, and the USEPA on 6/9/2016.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – A sampling and analysis plan was completed and submitted to USEPA on 5/11/2016.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
- **Saxony Village Development** – Village of Germantown – A report documenting the additional sampling performed during August 2016 was issued on Sept. 1, 2016 by Stantec.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – The Phase II ESA report was completed on July 27, 2016 by Stantec.
- **North Bookends Sites** – City of Hartford – Stantec completed and submitted Site Specific Sampling Analysis Plan (SSAP) to US EPA on August 31, 2016. The SSAP is approved by the US EPA Project Officer on Sept. 1, 2016 for non-city owned properties.
1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
- **North Bookend Site** – City of Hartford – The Phase II ESA report was issued on Dec. 12, 2016.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger – County Project Manager distributed CDs of Phase I ESA with AAI form, Phase II ESA and SSAP to USEPA Project Officer, property owner and Village of Slinger.
- **Saxony Village Development** – Village of Germantown – County Project Manager distributed CDs of Phase II ESA and SSAP to US EPA Project Officer, property owners and Village of Germantown.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
- **North Bookend Site** – City of Hartford – A Site Investigation Work Plan was completed and submitted to the WDNR on 3/10/2017.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
- **4991 Hron Road Property** – Town of West Bend – A hazardous substance eligibility form was completed and submitted to USEPA on May 4, 2017. A Site-Specific Sampling and Analysis Plan was completed and submitted to USEPA on May 26, 2017.

4th Quarter of FY 2017 (July 1, 2017 – Sept, 30, 2017)
- **4991 Hron Road Property** – Town of West Bend – A Phase II ESA report for the site was completed on July 12th. A release notification was completed and submitted to WDNR on July 10th.
- **Laubenheimer’s Garage Property** – Village of Richfield – This is a new Phase II ESA site for which an eligibility determination request was submitted to USEPA on August 15th and approved on August 15th.

F. Percent Complete and Scheduled Activities

This task is currently estimated to be approximately 80% complete.

1st Quarter of FY 2016
During the 1st Quarter of FY 2016, it is anticipated that the QAPP will be finalized. In addition, it is anticipated that site specific sampling and analysis plans (SAPs) will be completed for the former Bermico property, and potentially for additional sites (subject to determinations of eligibility)
2nd Quarter of FY 2016
Scheduled activities for the 2nd Quarter of FY 2016 (January 1 through March 31, 2016) include submittal and approval of the SAPs for the former Bermico site in the City of West Bend and the former Niphos site in the Village of Slinger.

It is anticipated that the Village of Richfield Northeast Brownfield Redevelopment and Infill Growth Strategy will be completed during the 2nd quarter of FY 2016 and presented to the Village Board for action. In March, the Village will host a community charrette where Vandewalle & Associates will present the identified opportunities in the study area. Attendees will be given the opportunity for interactive discussion and to provide feedback on the suitability of the development scenarios and identified opportunities in each of the four project subareas. The feedback from attendees will be used to polish the recommendations for each subarea and to inform the final Strategy and Implementation Action Plan. In early April the Site Redevelopment Program PMT and the Village of Richfield will meet for a final review of the deliverables before the final Plan is given to the Village.

Vandewalle and the County Project Manager will continue to meet with officials from the Village of Jackson to discuss their opportunity analysis for the Village. It is expected that this work will be similar to the work being in done in the Village of Richfield with a focus on the downtown area, which contains several brownfield clusters that scored high in the site ranking process. The Village believes there would be more value in beginning with this type of an effort than with individual site assessments/reuse plans. A request to the USEPA Project Officer will be forthcoming.

It is anticipated that the PMT will meet with local representatives to determine the scope of work necessary for the following sites:
- Site H - Former Gehl Site - City of West Bend
- Site B – Hwy 175 and Hwy 60 Intersection – Village of Slinger
- Site K – Village of Germantown

Revision 1 of the Quality Assurance Project Plan (QAPP) will be completed and sent to the USEPA for approval.

It is anticipated that asbestos and pre-demolition sampling will be completed at the Bermico property this quarter. Similar testing as well as soil and groundwater sampling should be completed for the Niphos Coating property as well, including completion of a Supplemental Phase II ESA report.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
Scheduled activities for the 3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016) include the following:
- **Former Niphos Coating Property** – Village of Slinger - It is anticipated that a supplemental Phase II ESA report will be completed and submitted to the USEPA and the WDNR. Furthermore, it is anticipated that a case closure
request will be completed and submitted to the WDNR (potentially using funding provided by the County).

- **Former Bermisco Property** – City of West Bend - It is anticipated that a grant funding request to the WEDC may be approved seeking $50,000 in additional funding to be used for assessment activities, in combination with $25,000 in USEPA funding being allocated for this purpose as required match. It is anticipated that testing may be underway by the end of this quarter.

- **Saxony Village Development** – Village of Germantown - It is anticipated that supplemental Phase II ESA testing will be completed and a report submitted to the USEPA and the WDNR. It is anticipated that some remedial action planning or cost estimation will also be completed in order to support a grant application being submitted by the property owner for funding from the WEDC.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - It is anticipated that supplemental Phase II ESA testing will be completed and a report submitted to the USEPA and the WDNR. It is anticipated that some remedial action planning or cost estimation will also be completed in order to support a grant application being submitted by the property owner for funding from the WEDC.

- **North Bookends Property** – City of Hartford - No activities are anticipated, although preparation of a site-specific sampling and analysis plan (SSAP) may begin subject to timing for completion of the Phase I ESA.

- **Hwy 175 / Hwy 60 Intersection** – Village of Slinger – No activities are anticipated.

- **Northeast Corridor Redevelopment Opportunities Analysis** – Village of Richfield – Vandewalle & Assoc. will finalize the plan during the 3rd Quarter of FY 2016 and provide as a deliverable to the USEPA Project Officer.

- **Redevelopment/Reuse Planning** – Village of Jackson – Jackson Community Brownfield Redevelopment Plan – Vandewalle & Assoc. will work with the PMT and the Village of Jackson in finalizing a scope of work for review by the USEPA Project Officer including a budget reallocation request.

### 4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016)

Scheduled activities for the 4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016) include the following:

- **Former Gehl Co. Property Reuse Plan** – City of West Bend - Finalizing the scope of work and timeline for developing a redevelopment opportunities analysis for the site will be completed in the 4th Quarter FY 2016. It is anticipated that work will commence on this project in the 4th Quarter FY 2016.

- **Redevelopment/Reuse Planning** – Village of Jackson – Jackson Community Brownfield Redevelopment Plan – Vandewalle & Assoc. is working with the County and the Village of Jackson in finalizing a scope of work and timeline. The scope of work, including a budget reallocation request will be provided to the USEPA Project Officer for approval. It is anticipated that work will commence on this project in the 4th Quarter FY 2016.

- **Former Niphos Coating Property** – Village of Slinger - The supplemental Phase II ESA report will be finalized and submitted to the Wisconsin DNR,
completed work using USEPA funding. Additional work will occur at the property using County funding, including soil removal, capping, and submittal of a case closure request to the Wisconsin DNR.

- **Former Bermico Property** – City of West Bend - It is anticipated that soil and groundwater sampling will be conducted using remaining USEPA funding allocated to this property as well as $50,000 in additional assessment funding being requested from the Wisconsin Department of Commerce (subject to an award being secured).

- **Former Blaine Property** – City of West Bend – It is anticipated that work on a sampling and analysis plan and completion of a Phase II ESA may begin, subject to the site being determined eligible for use of either petroleum or hazardous substance USEPA funding.

- **Saxony Village Development** – Village of Germantown - It is anticipated that an additional phase of sampling will be conducted at the property, using remaining funds allocated to this site, for the purpose of providing additional data requested by the Wisconsin DNR.

- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - It is anticipated that a remedial action plan will be completed, but also that this will be paid for through private funds and not the USEPA grant.

- **North Bookends Property** – City of Hartford - It is anticipated that work on a sampling and analysis plan will begin during the 4th quarter, and possibly work on the Phase II ESA.

**1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)**

Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2016) include the following:

- **Former Niphos Coating Property** – Village of Slinger - The supplemental Phase II ESA report will be finalized and submitted to the USEPA, the Village, and the WDNR. This will complete USEPA funded assessment activities. Additional environmental activities will be completed at the property during November and December 2016, including soil removal and submittal of a case closure request to the Wisconsin DNR. The additional work will be paid for by the County.

- **Former Bermico Property** – City of West Bend- It is anticipated that an application for $50,000 in additional assessment funding will be submitted to Wisconsin Department of Commerce. USEPA assessment grant funding ($25,000) will be used to meet a portion of the match requirements.

- **Former Blaine Property** – City of West Bend - It is anticipated that work on a sampling and analysis plan and completion of a Phase II ESA may begin, subject to the site being confirmed to be eligible for use of USEPA petroleum assessment funding.

- **North Bookends Property** – City of Hartford - The Phase II ESA report will be completed. It is anticipated that the City will apply for a State of Wisconsin grant to conduct additional environmental assessment activities to be performed subsequent to USEPA-funded assessment activities.

- **Saxony Village Development** – Village of Germantown - all assessment activities to be funded via the USEPA brownfields grant are complete.
- **E.H. Wolf & Sons Redevelopment** – Village of Slinger - All scheduled USEPA-funded activities are complete. It is anticipated that building demolition and soil remediation activities paid for by other funding will be completed during November and December 2016.

- **Redevelopment/Reuse Planning** – Village of Jackson – Jackson Community Brownfield Redevelopment Plan – anticipated activities include the following:
  - Conduct a public outreach meeting on Nov. 16, 2016 to gather information and feedback to incorporate in the Village of Jackson Community Brownfield Redevelopment Plan
  - Identify additional assets and opportunities for redevelopment activity in the Village
  - Revise maps and graphics to reflect new assets and opportunities in October and November of 2016
  - Create a plan document inclusive of analysis, findings, recommendations, next steps, maps and graphics in November and December of 2016

- **Former Gehl Co. Property Reuse Plan** – City of West Bend - It is anticipated that the County, City of West Bend, and Vandewalle & Associates will begin the redevelopment plan formulation for the Gehl site during the 1st Quarter of FY17. A start date is dependent on project eligibility approval.

---

**2nd Quarter of FY 2017 (Jan. 1, 2017 – March 31, 2017)**

- **North Bookend Site** – City of Hartford – It is anticipated that a grant application will be prepared and submitted to the Wisconsin Economic Development Corporation (WEDC) seeking funding to perform additional assessment, remedial planning, and abatement activities. Preparation of the grant applications and other activities will be performed outside of the USEPA grant project (for which activities for this site are now considered complete).

- **Redevelopment/Reuse Planning** – Village of Jackson – It is anticipated that the redevelopment/reuse planning project will be completed during the 2nd quarter of FY2017.

- **Former Niphos Coatings Property** – Village of Slinger – It is anticipated that remedial action will be completed at the site during the 2nd quarter of FY2017, and also that a request for case closure will be submitted to WDNR. This work will be funded by the County directly and performed outside of the USEPA grant.

- **Redevelopment/Reuse Planning – Gehl Property** – City of West Bend – It is anticipated the redevelopment/reuse planning activities for the parcel with confirmed petroleum eligibility will be initiated and substantially completed during the 2nd quarter of FY2017. The County, City of West Bend, and Vandewalle & Associates will begin the redevelopment planning efforts for the Gehl site in early February.

- **Redevelopment/Reuse Planning** – Village of Jackson – Jackson Community Brownfield Redevelopment Plan - – anticipated activities include the following:
Facilitate the final plan open house and adoption.
Refine the plan based on feedback and input from the steering committee and Jackson Plan Commission to ensure the content is the most useful in achieving the stated implementation objectives.
Planning for the next steering committee check-in/review.
Planning toward the final plan open house, presentation, and adoption.
Help with implementation services to connect the Village and private partners with the financial and technical resources available to catalyze redevelopment in the project area.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
Scheduled activities for the 3rd Quarter of FY 2017 (April 2017 through June 30, 2017) include the following:

- **North Bookend Site** – City of Hartford – No further USEPA-funded activities are scheduled at the Site. Work is continuing using private, local, and State funding. It is anticipated that a grant for $150,000 will be awarded by the WEDC during the 3rd quarter. Additional environmental investigation activities to be funded by this grant (and by the City) should begin near the end of the 3rd quarter.

- **Former Niphos Coatings Property** – Village of Slinger – It is anticipated that remedial action will be completed at the site during the 3rd quarter of FY2017, and also that a request for case closure will be submitted to WDNR. This work will be funded by the County directly and performed outside of the USEPA grant.

- **Reuse Planning – Gehl Property** – City of West Bend – The City has received two redevelopment proposals on the primary 8-acre parcel for which petroleum eligibility was approved. It is anticipated that funding allocated for reuse planning for this site will be used to support environmental due diligence activities that will need to be performed to advance the City’s preferred redevelopment proposal. This work will likely be completed during the 3rd quarter of FY2017.

- **Former Blaine Property** – City of West Bend – It is anticipated that a Site-Specific Sampling and Analysis Plan for a Phase II ESA will be prepared for the site during the 3rd quarter and submitted to USEPA. It is anticipated that work on the Phase II ESA will begin prior to the end of the 3rd quarter.

4th Quarter of FY 2017 (July 1, 2017 – Sept 30, 2017)
Scheduled activities for the 4th Quarter of FY 2017 (July 2017 through Sept. 30, 2017) include the following:

- **4991 Hron Road Property** – Town of West Bend – The Phase II ESA report for the property was completed on July 12, 2017. Additional environmental investigation activities will be required at the Property. Approval may be sought from USEPA to use grant funding to pay or all or a portion of these costs.
Quarterly Report No 1, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

- **Former Niphos Coatings Property** – Village of Slinger – It is anticipated that remedial action will be completed at the site during the 4th quarter of FY2017, and also that a request for case closure will be submitted to WDNR. This work will be funded by the County directly and performed outside of the USEPA grant.

- **Hwy 175/Hwy 60 Intersection** – Village of Slinger – Due to delays, and more urgent need for funding for other projects in the County, funding for the Phase II assessment activities was allocated to other sites. It is anticipated that work will continue under the County’s recently awarded FY2017 USEPA Coalition Assessment Grant.

Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2017) include the following:

- **4991 Hron Road Property** – Town of West Bend – The property owners have confirmed their desire to move forward with the site investigation and remedial planning activities, and to pay for 50% of the costs (with the other 50% to be funded through the USEPA grant). It is anticipated that the field investigation and reports will be completed during November and December 2017.

- **Laubenheimer’s Garage Property** – Village of Richfield – A site investigation work plan is in preparation and will be submitted to the USEPA and WDNR during the 1st or 2nd week of November. It is anticipated that the site investigation will be completed during November 2017 through January 2018.

- **Former Niphos Coatings Property** – Village of Slinger – The County is securing bids for performance of remedial activities necessary to secure case closure from the WDNR. It is anticipated that the remedial actions will be completed at the site during November through December 2017. This work is being funded by the County directly and performed outside of the USEPA grant.

Coordinate PMT and SRC to expend the remaining grant funds allocated to Task 3.

**Task 4 – Community Outreach and Involvement**

**A. Task Description**

Since 2010, the County has proactively involved Washington County communities in the development and advancement of a brownfields-focused Site Redevelopment Program (SRP). To lead this effort, in early 2013, the County established a Site Redevelopment Committee (SRC) to guide and advance brownfield redevelopment, community outreach and involvement, reuse planning and site assessment.

The coalition plans to convene the SRC on at least a bi-monthly basis, with the public meetings widely promoted. In addition to SRC meetings, the County will hold public meetings annually, inviting residents and other stakeholders to participate in the site
selection process, cleanup decisions, and reuse planning performed as part of the grant-funded Project. To provide additional technical expertise as well as outreach to community organizations, a Technical/Community Advisory Subcommittee (T/CAS) with representatives from community based organizations, the Washington County Health Department, and other stakeholder groups, is being formed. The T/CAS will provide input to the SRC, and provide input on site selection, reuse planning, and other considerations.

This task had a budget of $57,650 which included public, community and property owner meetings, development of fact sheets, press releases and other appropriate communications and development of webpages that will integrate the redevelopment sites within the EDWC website focused on connecting prospective end users and local stakeholders with information on redevelopment sites and associated reuse opportunities.

On January 18, 2016, the USEPA Project Officer approved a budget reallocation of $7,000 from Task 3 to Task 4 to allow consultants to continue to participate in regular PMT and SRC meetings as the project moves forward. The budget for Task 4 was $64,650.

On Sept. 23, 2016, the EPA Project Officer approved a budget reallocation of $4,000 from Task 3 to Task 4 to allow Vandewalle & Assoc. to continue their work on assisting the Village of Slinger and the County with access agreements and attend monthly PMT meetings and quarterly SRC meetings through the end of the grant cycle.

On April 6, 2017, the EPA Project Officer approved a budget reallocation of $2,500 from Task 3 to Task 4 for Community Outreach and Involvement for costs incurred for additional outreach meetings as well as expected costs for future outreach meetings.

On October 24, 2017 the USEPA Project Officer approved a budget reallocation of $4,987.38 from Task 2 to Task 4 as described in Section II – Budget Overview of this quarterly report.

The current budget for Task 4 is $76,137.38

B. New Activities or Projects Approved for Implementation by U. S. EPA During the Fiscal Quarter

None.

C. Completed Activities or Projects

1st Quarter of FY 2015
During the 1st Quarter of FY 2015 the County completed a press release for circulation in local newspapers, radio stations and three major television stations
serving Southeastern Wisconsin. An article was also written for the Planning & Parks Department newsletter that was sent to over 3,100 households in Washington County. The County met with the Project Team to detail the roles and responsibilities for Task 4 - Community Outreach and Involvement.

**2nd Quarter of FY 2015**
During the 2nd Quarter of FY 2015, as part of the development of detailed roles and responsibilities, the Project Team finalized the community outreach and involvement component to engage the public throughout the grant.

**3rd Quarter of FY 2015**
During the 3rd Quarter of FY 2015, the Project Team had a conference call meeting with sub consultant Ady Advantage regarding design of the EDWC website integration.

**4th Quarter of FY 2015**
The PMT has prepared for and conducted the initial SRC meeting under the grant, which was held on September 28, 2015. During preparation for the meeting, substantial effort was put in to developing outreach material and a strong recognizable brand for the program. This included preparation of: public meeting notices and a press release; an updated program factsheet; website upgrades; program letterhead; a program flyer; and meeting agendas and minutes. The first SRC meeting was well received. During proceedings the committee revisited the program overview and was updated on the Team’s progress to date. Each member also updated the group on their priority redevelopment site. During the meeting UW-Extension’s Paul Roback facilitated a group exercise to stimulate thought on how brownfield redevelopment benefits communities.

Additional preparation and outreach has gone into preparing for the first countywide community workshop on October 15th. This included preparation of: public meeting notices and a press release; an updated program factsheet; website upgrades; program letterhead; a program flyer; meeting agendas; and interactive exercises.

Additional outreach activities completed during the 4th Quarter of FY 2015 include:

On July 8, 2015, a meeting was held by the PMT with the City of West Bend to review the grant program, and the status of the City’s highest priority sites.

One July 17, 2015, a meeting was held by the PMT to discuss the project.

On July 22, 2015, a meeting was held with USEPA, the County, City of West Bend, Vandewalle, and Stantec staff to discuss the Bermico property. A separate meeting was held with the Village of Slinger, the County attorney, and Stantec /Vandewalle staff to discuss the former Niphos Coating property.

**1st Quarter of FY 2016**
The PMT had numerous meetings throughout the 1st Quarter of FY 2016 to discuss the status of assessment funded projects, community outreach and the countywide...
inventory and prioritization process. Meeting dates for the quarter include October 13, October 19, November 10 and December 1, 2015.

A Countywide Community Workshop was held on Oct. 15, 2015. See Section IV Task 1, Section C – Completed Activities or Projects above for details.

As part of the Site Redevelopment Program to revitalize and market brownfield sites within the County for redevelopment, Ady Advantage was hired to determine what information about each site needs to be communicated in order to best reach the redeveloper market. Ady Advantage contacted leading developers throughout September 2015. A report of their results was completed on October 7, 2015 and presented at the November SRC meeting. For more information, see attached Summary of Developer Research Related to Criteria Identification and Prioritization.

Two meetings of the Site Redevelopment Committee were held in this quarter on November 12, 2015 and December 10, 2015. For more information, see attached meeting minutes.

Stantec and the County Project Manager attended a Wisconsin Department of Natural Resources (WI DNR) Green Team meeting on November 11, 2015 in Milwaukee to discuss the status of Site K in the Village of Germantown and determine possible assessment needs.

Vandewalle and the County Project Manager met with officials from the Village of Jackson on December 17, 2015 to discuss plans to produce an opportunity analysis for the Village as part of their ongoing strategic planning efforts.

The EDWC held a two-day economic development conference in West Bend on October 5-6, 2015, which included a lunch program with over 50 attendees focused on brownfields redevelopment. The program included: (a) a status update on a study in progress by the State of Wisconsin on the economic impacts of the State of Wisconsin brownfield funding programs, (b) a presentation by County and EDWC staff on the SRP, and (c) a presentation by a developer (Cobalt Partners LLC) on a 65-acre brownfields development in suburban Milwaukee that included >$9 million of environmental cleanup on a site that included 6 former industrial facilities, but which has resulted in $125 million in new development projects that are creating >500 jobs and providing housing for >500 residents. The program was attended by representatives of nearly every municipality in the County, and was followed a 3-hour “Economics 101” training course focused on how municipalities can better attract economic development projects, including those focused on brownfields.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)

The Project Management Team (PMT) had numerous meetings throughout the 2nd Quarter of FY 2016 to discuss the status of assessment funded projects and community outreach. Meeting dates for the PMT this quarter included January 25, 2016 and March 9, 2016. There were also numerous conference calls discussing site specific projects throughout the quarter.
3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
There were numerous conference calls discussing site specific projects throughout the quarter with the Project Management Team (PMT) members.

The County Project Manager, Stantec and Economic Development Washington County presented three proposed projects for consideration by the SRC for use of USEPA Assessment Grant funds. The following properties received funding approval:

- E. H. Wolf & Sons Redevelopment - $41,000 – Village of Slinger
- Former Bermico Property - $21,000 – City of West Bend
- Former Blaine Property - $24,000 – City of West Bend

See attached April 13, 2016 West Bend Daily News article for additional information.

Vandewalle & Assoc. and Washington County presented the Northeast Corridor Redevelopment Opportunities Analysis to the Village of Richfield Board on April 7, 2016. The report was well received.

Vandewalle & Assoc. produced a Site Redevelopment Program Fact Sheet on April 15, 2016 that includes a summary of the inventory process, the first round of site selection for planning and environmental assessment and project budget allocation. The fact sheet was widely distributed through the County social media outlets.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
There were numerous Project Management Team (PMT) meetings to discuss project status and next steps for assessment. Meetings were conducted August 15, Sept. 1 and Sept. 12, 2016.

There were also numerous conference calls with Coalition Partners and the PMT including July 20, Sept. 7, Sept. 9, Sept. 12 and Oct. 14, 2016 to discuss site specific projects.

The Site Redevelopment Committee (SRC) held their quarterly meeting on Sept. 20, 2016. Key topics included:

- County Project Manager presented proposed budget reallocation for consideration
- EDWC presented the Site Redevelopment Web Tool
- The Village of Richfield and Vandewalle & Assoc. presented the Village of Richfield Northeast Corridor Opportunity Analysis

Vandewalle & Assoc., the Village of Slinger, Stantec and Washington County conducted an outreach meeting with property owners related to the Village of Slinger redevelopment site at highways 175 and 60 on September 20, 2016.
Economic Development Washington County (EDWC) has been working closely with its website and database partners Earthling Interactive, GIS Planning and Ady Advantage to create a user-focused brownfield redevelopment web tool on the EDWC website. This web tool integrates Washington County GIS layers as well as creates a tailored brownfield redevelopment layer for local analysis. In addition, customized site specific brownfield profiles with relevant content have been created to target redevelopers.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter including:
- USEPA 7th Quarterly Report for the 3rd Quarter FY 2016
- Village of Slinger – E.H. Wolf & Sons Redevelopment – Site Specific Sampling and Analysis Plan Report
- Village of Richfield Northeast Corridor Opportunity Analysis Report
- SRC Meeting Agendas and Minutes

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
There were numerous Project Management Team (PMT) meetings to discuss the status of projects and next steps for assessment. A general PMT meeting was conducted on Nov. 11, 2016. Project specific PMT meetings with Coalition Partners were conducted Oct. 11, 2016, Nov. 29, 2016 and Dec. 13, 2016 for the North Bookends Site and Oct. 27, 2016 for the Village of Jackson Redevelopment/Reuse Planning project.

There were also numerous conference calls with Coalition Partners and the PMT conducted on Oct. 10, 2016, Oct. 14, 2016 and Nov. 11, 2016 to discuss site specific projects.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter including:
- USEPA 8th Quarterly Report for the 4th Quarter FY 2016
- Village of Jackson – Community Workshop
- SRC Meeting Agendas and Minutes

The EDWC Brownfield Redevelopment Web Tool was unveiled on October 3, 2016 at the 2016 Business Ready Wisconsin Conference Workshop – Outfoxing the Competition – Discovering Hidden Opportunity in a Brownfield Site and Transforming it into Your Next Growth Success. Participants learned how to integrate the resources of the Brownfield Redevelopment Web Tool for immediate, on-the-job application. The EDWC worked with Ady Advantage to complete the Brownfield Redevelopment Web Tool meeting all objectives identified.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
There were several Project Management Team (PMT) meetings to discuss the status of projects and next steps for assessment. A general PMT meeting was conducted on Jan. 11, 2017. A project specific PMT meeting with the Village of Jackson was held on March 2, 2017 to discuss Village of Jackson Redevelopment/ Reuse Planning project.

A Site Redevelopment Steering Committee (SRC) meeting was held on March 21, 2017. There were two budget reallocation requests approved and Stantec gave a presentation on the City of Hartford Northern Bookends Site.

Vandewalle & Associates conducted a public open house on March 14, 2017 to present the Final Draft Village of Jackson Opportunities Analysis and Development Plan and gain feedback on the draft plan. The Village of Jackson Board adopted the Plan immediately following the open house.

Washington County and Vandewalle & Assoc. produced a Site Redevelopment Program (SRP) Fact Sheet on March 20, 2017 that describes recent redevelopment successes and project budget allocation. The fact sheet was widely distributed through the County social media outlets.

Washington County continues to update the Site Redevelopment Program website at [www.co.washington.wi.us/SRP](http://www.co.washington.wi.us/SRP) with numerous updates this quarter including:
- USEPA 9th Quarterly Report for the 1st Quarter FY 2017
- Village of Jackson – Community Workshop flyer
- SRC Meeting Agendas and Minutes
- SRP Fact Sheet No. 3

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
There were two meetings of the Site Redevelopment Steering Committee (SRC) held during the 3rd Quarter FY 2017. During the May 3, 2017 SRC meeting, three budget reallocation requests were approved. The June 6, 2017 SRC meeting provided the members with several presentation including:
- WI - DNR Redevelopment Resources related to investigating, remediating and redeveloping contaminated land
- Wisconsin Economic Development Corp. Resources
- Village of Jackson – Redevelopment Opportunities Analysis
4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)

- There was one meeting of the Site Redevelopment Steering Committee (SRC) held during the 4th Quarter FY 2017. During the Sept. 19, 2017 SRC meeting, three budget reallocation requests were approved.
- There were two Project Management Team (PMT) meetings during this quarter including July 12, 2017 and Sept. 15, 2017 in preparation for the presentation to the Wisconsin DNR Brownfields Study Group.
- On October 27, 2017, the Washington County Site Redevelopment Program Management Team received the 2017 Planning Excellence Award from the American Planning Association - Wisconsin Chapter for Plan Implementation.
- Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates.

D. Activities or Projects in Progress

4th Quarter of FY 2015

The Project Team is currently developing a detailed schedule for Task 4 regarding countywide inventory and prioritization of sites. The first countywide community workshop was held on October 15th. During this workshop participants learned about the program and helped develop the community goals criteria used to score/prioritize the brownfield sites inventory for redevelopment.

Work by Ady Advantage was partially completed, with the initial task focused on conducting a series of interviews with local developers with a track record of successfully developing brownfields. The interviews were used to help identify how the developers identified potential target sites for development, factors that made it more or less likely that they would pursue development of a brownfield site, and factors that most frequently led to projects becoming derailed prior to successful development. The developers were educated and asked for feedback regarding the County’s USEPA funded project. A 60-page report was completed and will be used to help better market brownfield sites for redevelopment.

1st Quarter of FY 2016

As part of the Village of Richfield Northeast Brownfield Redevelopment and Infill Growth Strategy additional public outreach will be completed during the 2nd quarter of FY 2016 as well as a presentation to the Village Board for action.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)

The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)

Economic Development Washington County (EDWC) has been working closely with its website and database partners Earthling Interactive, GIS Planning and Ady
Advantage to accomplish the following 4 task objectives in generating a user-focused brownfield redevelopment resource on our website:

1. Integrate Washington County’s “local layers” into our GIS location analysis web tool
2. Design and create a custom brownfield redevelopment layer for our GIS location analysis web tool
3. Create a custom brownfield redevelopment profile/interface for each site included in the GIS location analysis web tool
4. Design and create custom brownfield redevelopment content targeted at site “off-takers”/skilled redevelopers leveraging information gleaned from the redeveloper interviews conducted previously

The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
Economic Development Washington County (EDWC) will continue to work with its website and database partners Earthling Interactive, GIS Planning and Ady Advantage to finalize the user-focused brownfield redevelopment web tool on the EDWC website. The EDWC Brownfield Redevelopment Web Tool was unveiled on October 3rd at the 2016 Business Ready Wisconsin Conference Workshop – Outfoxing the Competition – Discovering Hidden Opportunity in a Brownfield Site and Transforming it into Your Next Growth Success. Participants learned how to integrate the resources of the Brownfield Redevelopment Web Tool for immediate, on-the-job application.

The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

Vandewalle & Assoc. is preparing for the Village of Jackson Redevelopment Plan Community Workshop scheduled for November 16, 2016.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

Economic Development Washington County (EDWC) will continue to update the Brownfield Redevelopment Web Tool.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.
Economic Development Washington County (EDWC) will continue to update the Brownfield Redevelopment Web Tool. The EDWC regularly reviews properties from Washington County’s 2016 inventory of potential brownfield sites using the criteria and updates the tool accordingly. Visit http://businessreadywi.com/business-intelligence/redevelopment-tool/ to explore the Site Redevelopment Project Tool.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)
The County Project Manager continues to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.

E. Deliverables

1st Quarter of FY 2016
Ady Advantage contacted leading developers throughout September 2015. A report of their results was completed on October 7, 2015 and presented at the November SRC meeting. For more information, see attached Summary of Developer Research Related to Criteria Identification and Prioritization.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
None.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
None.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
None.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
None.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
None.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
None.

4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)
None.
F. Percent Complete and Scheduled Activities

This task is currently estimated to be 92% complete.

1st Quarter of FY 2016
In November and December two SRC meetings will be held. The November meeting is intended to provide the committee with the final inventory of sites and a rationale for their selection, introduce the SRC members to the scoring process, and present the community goals criteria for them to score the sites with.

In December of 2015 the SRC will reconvene for the quarterly SRC meeting. The SRC will receive updates on SRP progress and the team will present the results of the scoring and a prioritized sites list.

2nd Quarter of FY 2016
Scheduled activities for the 2nd Quarter of FY 2016 (January 1 through March 31, 2016) include quarterly meetings of the SRC unless additional meetings are deemed necessary. It is anticipated that the next SRC meeting will be held at the end of February or early March, 2016. At the next meeting of the SRC, they will be provided a status update on current projects and a grant budget report.

Ady Advantage will continue their work on the SRP objective to market brownfield sites within Washington County for redevelopment. Anticipated tasks for the 2nd Quarter FY 2016 include creating property profile sheets and creating content for a new web page on the EDWC website under “Incentives/Resources,” which will provide website content to explain the program from a marketing standpoint. In addition, they will create online property listing sheets and suggest additional layers to add on the EDWC website mapping feature to communicate unique information designed to appeal to redevelopment experts.

The County Project Manager will continue to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings and SRP community workshop events. Additional information related to assessment work on project sites will be added in the 2nd Quarter FY 2016.

The SRC will also be updated on upcoming funding opportunities that could be used to further required assessment, cleanup, and redevelopment activities at priority sites targeted for assessment or reuse planning.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
It is anticipated that a PMT conference call/meeting will be held sometime in May.

The County Project Manager will continue to update the County Site Redevelopment Program website at www.co.washington.wi.us/srp to keep current with the SRC meetings, SRP community workshop events and completed assessment reports.
Vandewalle & Assoc. produced a Site Redevelopment Program Fact Sheet that includes a summary of the first round of site selection for planning and environmental assessment and project budget allocation.

Ady Advantage will continue their work on the SRP objective to market brownfield sites within Washington County for redevelopment. Anticipated tasks for the 2nd Quarter FY 2016 include creating property profile sheets and content for EDWC’s website for special brownfield / redevelopment site pages under “Doing Business Here,” which will key information about the program and key data required by developers in engaging in due diligence on redevelopment opportunities. The focus of these pages will be to secure optimal reuse for the listed brownfield sites. In addition, EDWC and Ady Advantage will create online property listing sheets and build out additional GIS layers to add on the EDWC website mapping feature, further communicating unique information designed to appeal to redevelopers and potential site “off-takers.”

4th Quarter of FY 2016 (July 1, 2016 – Sept 30, 2016)
The EDWC will continue to work closely with its website and database partners Earthling Interactive, GIS Planning and Ady Advantage to complete the first three task objectives listed above. In addition, the following tasks will be completed during the 4th Quarter of FY 2016:

- Finalizing content mandates and the overall look and feel of the resource pages associated with the “Site Redevelopment Program” and the redevelopment tools.
- Finalizing design, creating success story project profiles, authoring content, populating the brownfield redevelopment GIS layer and integrating all of the above into single, optimized web resource for project staff, redevelopers and community stakeholders alike.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
The EDWC will finalize its website Brownfield Redevelopment Web Tool to meet all objectives listed above, including adding potential redevelopment sites.

On November 16, 2016, Vandewalle & Assoc. will facilitate the Village of Jackson Redevelopment Plan Community Workshop.

The County Project Manager will facilitate monthly Project Management Team (PMT) meetings to discuss project status and next steps for assessment or redevelopment planning. In addition, meetings with Coalition Partners and PMT members will be held as necessary to discuss site specific projects.

The next quarterly meeting of the Site Redevelopment Committee is scheduled for December 6th at the City of Hartford.

2nd Quarter of FY 2017 (Jan. 1, 2017 – March 31, 2017)
The County Project Manager will facilitate monthly Project Management Team (PMT) meetings to discuss project status and next steps for environmental assessment
or redevelopment planning. In addition, meetings with Coalition Partners and PMT members will be held as necessary to discuss site specific projects.

The next quarterly meeting of the Site Redevelopment Committee is scheduled for March 21st at the City of Hartford.

Preparation of the next quarterly fact sheet is anticipated to occur once the West Bend-Gehl and Village of Jackson planning efforts have concluded to provide meaningful programmatic updates and success stories in the next fact sheet.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
The County Project Manager will facilitate Project Management Team (PMT) meetings as needed to discuss project status and next steps for environmental assessment or redevelopment planning. In addition, meetings with Coalition Partners and PMT members will be held as necessary to discuss site specific projects.

The next meeting of the Site Redevelopment Committee (SRC) is scheduled for May 3, 2017 to consider requested budget reallocations. The next quarterly meeting of the SRC is scheduled for June 6th at the Village of Jackson.

4th Quarter of FY 2017 (July 1, 2017 – Sept 30, 2017)
The County Project Manager will facilitate monthly Project Management Team (PMT) meetings to discuss project status and next steps for environmental assessment or redevelopment planning. In addition, meetings with Coalition Partners and PMT members will be held as necessary to discuss site specific projects.

The next quarterly meeting of the Site Redevelopment Committee is scheduled for September 2017.

Preparation of the next quarterly fact sheet is anticipated to occur during the 4th Quarter FY17 and will provide meaningful programmatic updates and success stories in the next fact sheet.

Scheduled activities for the 1st Quarter of FY 2017 (Oct. 1 through Dec. 31, 2017) include the following:

- The County Project Manager will facilitate monthly Project Management Team (PMT) meetings to discuss project status and next steps for environmental assessment or redevelopment planning.
- The next quarterly meeting of the Site Redevelopment Committee is scheduled for December 15, 2017.
- Preparation of the next quarterly fact sheet is anticipated to occur during the 1st Quarter FY18 and will provide meaningful programmatic updates and success stories in the next fact sheet.
G. Community Outreach Handouts

4th Quarter of FY 2015
See attached handouts that were provided to the public as part of the Community Outreach.
- Site Redevelopment Program 2013 Newsletter
- Flyer for October 15, 2015 SRP Countywide Community Workshop

1st Quarter of FY 2016
See attached handouts that were provided to the public as part of the Community Outreach. In addition, two West Bend Daily News articles are attached that describe the Oct. 15, 2015 Community Outreach Event and the Dec. 10, 2015 SRC action to fund assessment sites.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)
See attached Site Redevelopment Program Fact Sheet that includes a summary of the first round of site selection for planning and environmental assessment and project budget allocation.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)
A Site Redevelopment Program Fact Sheet was widely distributed through the County social media outlets. See attached.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
Vandewalle & Assoc. prepared a flyer for the Village Jackson Redevelopment Plan Community Workshop on November 16, 2016.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)
See attached Village of Jackson Redevelopment Plan Community Workshop flyer that was distributed through Village and County media outlets.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)
Washington County and Vandewalle & Assoc. produced a Site Redevelopment Program Fact Sheet on March 20, 2017 that describes recent redevelopment successes and project budget allocation. The fact sheet was widely distributed through the County social media outlets.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
None during the 3rd Quarter FY 2017.

4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)
None during the 4th Quarter FY 2017.
V. PROBLEMS ENCOUNTERED/ASSISTANCE NEEDED

On October 15, 2014, the County requested an amendment to USEPA Cooperative Assistance Agreement BF00E01347 to correct the percentage calculations for the Recipient Share and Federal Share of the grant. Numerous requests have been made to the USEPA Grant Specialist for an updated agreement.

1st Quarter of FY 2016

None this quarter.

2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)

None this quarter.

3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)

The County received and completed an open records request for the former Bermico property located at 2100 Northwestern Ave in the City of West Bend. The matter is in litigation - Washington County Case No. 2016CV0361.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)

On September 9, 2016 Washington County received a summons regarding the former Bermico property located at 2100 Northwestern Ave in the City of West Bend. It is Washington County Case No. 2016CV0550.

Although the Quality Assurance Project Plan (QAPP) has been conditionally approved, Washington County is awaiting final approval of the QAPP from the USEPA.

1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)

The County received and is currently working on filling an open records request for the former Praefke Brake property located at 133 W. Oak Street in the City of West Bend.

Although the Quality Assurance Project Plan (QAPP) has been conditionally approved, Washington County is awaiting final approval of the QAPP from the USEPA.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)

Case No. 16CV000361 regarding the FOIA request for the former Bermico property located in the City of West Bend was dismissed by the Washington County Circuit Court on February 13, 2017.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)

U.S. District Court Case No. 2:17-CV-27-PP, regarding the Bermico property in the City of West Bend, has been dismissed against Washington County and all County defendants. The litigation continues against the City of West Bend and City officials.

4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)

None this quarter.
VI. SCHEDULE AND PROJECT MILESTONES

A partial summary of major milestones achieved during the project to date are summarized on the following table.

<table>

Quarterly Report No 12, 4th Quarter Fiscal Year 2017, July 1, 2017 – Sept 30, 2017
Washington County, Wisconsin – USEPA Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields

3 | 5/5/2015 – 6/30/2015 | Worked on writing QAPP (Stantec)

3 | 6/8/2015 – 6/12/2015 | Solicited bids from multiple labs and selected four labs. Solicitation of bids from these firms, and inclusion in the QAPP, were performed as part of the Six Good Faith Efforts to ensure participation by Disadvantaged Business Enterprises (DBE) in the project. (Stantec)

1 | 6/10/2015 – 6/23/2015 | Meetings with coalition partners to discuss/confirm high priority redevelopment sites. (County, EDWC, Stantec and Vandewalle)

4 | 6/23/2015 | Conference call meeting with sub consultant Ady Advantage regarding design of EDWC website integration and content development focused on connecting prospective end users with information on site redevelopment sites.

0 | 6/1/2015 – 7/1/2015 | Contract agreements were finalized between Stantec and Vandewalle and with EDWC. The contract with EDWC will utilize the services of Ady Advantage, a WBE firm representing another positive outcome of compliance with the Six Good Faith Efforts.

1 | 6/29/2015 | Work began on preparing eligibility determination requests for several priority brownfield sites including WB Place in Hartford and the former Niphos Coating facility in Slinger.

During the 1st quarter FY 2018, the County Project Manager will be requesting a reimbursement through the USEPA Automated Standard Application for Payment (ASAP) System for work completed during the FY 2017.

VIII. PERFORMANCE OUTPUTS AND OUTCOMES

This section summarizes performance outputs and outcomes for the Washington County Community-Wide Coalition Assessment Grant for Hazardous Substance & Petroleum Brownfields. Proposed outputs and outcomes include:

- Completion of a community-wide inventory and prioritization of brownfields sites within the County.
- Performing Phase I and Phase II environmental site assessments (ESAs) on priority brownfields sites.
- Completion of additional site investigation and remedial action plan development for select sites for which Phase II ESAs are completed.
- Performing community outreach and education related to brownfields.
- Connecting potential business and other end-users with brownfield sites that can be a focus for redevelopment and reuse.

1st Quarter of FY 2016

Several performance outputs and outcomes were accomplished in the 1st Quarter of FY 2016 including:

- **Countywide Inventory and Prioritization** - One significant output for this quarter was the completion of the countywide inventory and prioritization of brownfield sites. A performance outcome of this completed inventory was demonstrated at the December SRC meeting as the committee utilized the inventory scoring and ranking to determine which brownfield sites would obtain funding as part of the $600,000 US EPA Brownfield Coalition Assessment Grant. The action taken by the SRC to fund specific sites was not done arbitrarily, but instead the action was based on:

  1. A rigorous three tiered scoring and ranking process where each tier was composed of criteria based on industry standards for gauging the level of effort and likelihood that a brownfield site would be and/or should be redeveloped.

  2. Discussion from local representatives considering each site in terms of six factors including the potential to obtain site access, site eligibility, owner cooperation, project complexity and local government capacity to oversee the project.
This decision process will be followed by the SRC when determining which sites will obtain grant funding in the future. Also part of this work included the community outreach and education related to brownfields as part of the October 15, 2015 countywide outreach event.

- **Phase I ESAs** - Completion of the Phase I ESA for the former Bermico Site in the City of West Bend. Submitted to the EPA on January 19, 2016.

- **Connecting Businesses to End Users** – The Research completed by Ady Advantage is the first step in the development of a marketing plan to connect potential business and other end-users with brownfield sites that can be a focus for redevelopment and reuse.

**2nd Quarter of FY 2016 (Jan. 1, 2016 – March 31, 2016)**

Several performance outputs and outcomes were accomplished in the 2nd Quarter of FY 2016 including:

- **Phase I ESAs** – Stantec completed and submitted Phase I ESA for the former Bermico Site in the City of West Bend to the EPA on January 19, 2016. The Phase I ESA for the WBEDC Site in the City of West Bend was completed and will be distributed in May. The Phase I ESA for Saxony Village Development in the Village of Germantown was completed and will be distributed in May.

- **Performing Community Outreach and Education** - Substantial community outreach was completed by Vandewalle & Assoc. as part the Northeast Corridor Redevelopment Opportunities Analysis. A public charrette was conducted on March 8, 2016 which began with an overview of the SRC program. Participants rotated through four stations based on specific geographic sub-areas and provided input on particular topics to each area. Participants were also provided a questionnaire in which they could further provide feedback on the plan process.

**3rd Quarter of FY 2016 (April 1, 2016 – June 30, 2016)**

Several performance outputs and outcomes were accomplished in the 3rd Quarter of FY 2016 including:

- **Phase I ESAs** – Stantec completed and submitted Phase I ESAs for the following sites:
  - WBEDC Site in the City of West Bend
  - Saxony Village Development in the Village of Germantown
  - E.H. Wolf & Sons in the Village of Slinger

- **Phase II ESAs** – Stantec completed and submitted Phase II ESAs for the following sites:
  - E.H. Wolf & Sons in the Village of Slinger
  - Saxony Village Development in the Village of Germantown
Performing Community Outreach and Education - Vandewalle & Assoc. and Washington County presented the Northeast Corridor Redevelopment Opportunities Analysis to the Village of Richfield Board on April 7, 2016. The report was well received.

Vandewalle & Assoc. produced a Site Redevelopment Program Fact Sheet on April 15, 2016 that includes a summary of the inventory process, the first round of site selection for planning and environmental assessment and project budget allocation. The fact sheet was widely distributed through the County social media outlets.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.

4th Quarter of FY 2016 (July 1, 2016 – Sept. 30, 2016)
Several performance outputs and outcomes were accomplished in the 4th Quarter of FY 2016 including:

- **Phase I ESAs** – Stantec completed and submitted Phase I ESAs for the following site:
  - North Bookends in the City of Hartford

- **Phase II ESAs** – Stantec completed and submitted Phase II ESAs for the following sites:
  - Former Niphos Coatings in the Village of Slinger
  - E.H. Wolf & Sons in the Village of Slinger

- **Completion of Additional Site Investigation** - Stantec completed additional site investigation for the following site:
  - Saxony Village Development in the Village of Germantown

- **Performing Community Outreach and Education** - Vandewalle & Assoc., the Village of Slinger, Stantec and Washington County conducted an outreach meeting with property owners related to the Village of Slinger redevelopment site at highways 175 and 60 on September 20, 2016.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.
1st Quarter of FY 2017 (Oct. 1, 2016 – Dec. 31, 2016)

Several performance outputs and outcomes were accomplished in the 1st Quarter of FY 2017 including:

- **Phase I ESAs** – Stantec completed and submitted Phase I ESAs for the following sites:
  - Former Amici’s Restaurant Site in the Village of Richfield
  - North Bookends site in the City of Hartford was corrected and resubmitted

- **Phase II ESAs** – Stantec completed and submitted Phase II ESAs for the following sites:
  - North Bookends Site in the City of Hartford

- **Completion of Additional Site Investigation or Remedial Action Planning** - Stantec completed additional site investigation for the following site:
  - Former Niphos Coating in the Village of Slinger

- **Performing Community Outreach and Education** - The City of Hartford, Stantec and Washington County conducted outreach meetings with property owners related to the Phase II ESA results for the North Bookends site in the City of Hartford on December 13, 2016.

Vandewalle & Assoc. and Washington County conducted a Community Outreach Workshop on November 16, 2016 as part of the Village of Jackson Brownfield Redevelopment Strategy Plan.

Washington County continues to update the Site Redevelopment Program website at [www.co.washington.wi.us/SRP](http://www.co.washington.wi.us/SRP) with numerous updates this quarter.

- **Connecting Businesses to End Users** – The EDWC Brownfield Redevelopment Web Tool was unveiled on October 3rd at the 2016 Business Ready Wisconsin Conference Workshop – Outfoxing the Competition – Discovering Hidden Opportunity in a Brownfield Site and Transforming it into Your Next Growth Success. Participants learned how to integrate the resources of the Brownfield Redevelopment Web Tool for immediate, on-the-job application.

2nd Quarter of FY 2017 (January 1, 2017 – March 31, 2017)

Several performance outputs and outcomes were accomplished in the 2nd Quarter of FY 2017 including:

- **Task 3 - Conduct Phase II ESAs, Site Investigations, and Remedial/Reuse Planning Activities** - Area-wide reuse planning was completed for the Village of Jackson’s downtown core. The results of the planning were summarized in an **Opportunity Analysis & Redevelopment Plan** for the Village of Jackson that was formally adopted by the Village on 3/14/2017.
• **Completion of Additional Site Investigation or Remedial Action Planning** - Stantec completed a Site Investigation Work Plan for the Northern Bookends Site in the City of Hartford and submitted to the WDNR on 3/10/2017.

• **Performing Community Outreach and Education** - Vandewalle & Associates conducted a public open house in the Village of Jackson on March 14, 2017 to present the Final Draft *Opportunities Analysis and Development Plan* and gain feedback on the draft plan.

Washington County and Vandewalle & Assoc. produced a Site Redevelopment Program Fact Sheet on March 20, 2017 that describes recent redevelopment successes and project budget allocation. The fact sheet was widely distributed through the County social media outlets.

Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.

• **Connecting Businesses to End Users** –
  **EDWC Site Redevelopment Project Tool** - In 2017, Economic Development Washington County (EDWC) developed and launched the Site Redevelopment Project Tool. This powerful map based application is specifically designed to advance brownfield redevelopment projects by providing developer’s information on redevelopment properties that are positioned for near term redevelopment as a direct result of the work of the Site Redevelopment Program and its partners.

Any sites that show up on the Project Tool must meet several criteria including: being listed and available; having clear ownership; having environmental due diligence completed; having the commitment of experienced public partners, and; willing public participation through incentives. EDWC regularly reviews properties from Washington County’s 2016 inventory of potential brownfield sites using the criteria and updates the tool accordingly. Visit http://businessreadywi.com/business-intelligence/redevelopment-tool/ to explore the Site Redevelopment Project Tool for yourself.

• **Success stories** –
  **E. H. Wolf and Sons Redevelopment** - E.H. Wolf and Sons is a long standing and well known stakeholder in the Village of Slinger. In 2016, company leadership approached the Village of Slinger with a request to access SRP funds to help bridge a funding gap for phase I and phase II environmental site assessments – critical steps before environmental cleanup or redevelopment can occur. As of January 2017, $41,000 of program money has been used to provide phase I and phase II ESAs and have positioned the site for clean-up and redevelopment.
What was once a vacant and underutilized facility adjacent to E.H. Wolf and Sons depot will once again be a productive asset. A conservative estimate puts the new property value generated from redevelopment at approximately $3.3 million or $80 of new property value for every $1 of assessment money used.

3rd Quarter of FY 2017 (April 1, 2017 – June 30, 2017)
Several performance outputs and outcomes were accomplished in the 3rd Quarter of FY 2017 including:

- **Performing Community Outreach and Education** -
  Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.

- **Connecting Businesses to End Users Success stories – Saxony Village** – Village of Germantown - The Saxony Village apartment’s project is under construction in the Village of Germantown. The project has an estimated value of $28 million, and will result in 172 one- to two-bedroom apartments in six buildings.

The development agreement included payment to the Village of impact fees totaling $6,147 per residential unit (or >$1,050,000 total). USEPA funding was used to support assessment activities at a critical phase of project development, during which a key concerns being expressed by members of the public related to environmental conditions. Two phases of testing were completed which enabled these issues to be resolved promptly helping the proposed project to remain on track and to secure final approvals necessary to begin construction. USEPA funded activities were a factor in helping to leverage $375,000 in State of Wisconsin brownfields cleanup funding, and $25 million in private financing. The estimated total project value of $28 million includes the value of the land as well as project development costs. The project is transforming three vacant parcels totaling 23.8 acres in area.

Industrial use of two of the parcels dates back at least 125 years, with one parcel use as a bulk fuel storage and distribution facility from 1892 through the 1980s, and the other used as a lumberyard and ag-chem facility. More than $1 million in cleanup was performed previously at the bulk fuel storage facility.
Environmental investigation and remedial activities at the sites date back nearly 30 years. Attempts to redevelop the property date back to 1988, but were derailed by environmental and other concerns until the current project that received support from the USEPA grant.

**4th Quarter of FY 2017 (July 1, 2017 – Sept. 30, 2017)**

Several performance outputs and outcomes were accomplished in the 4th Quarter of FY 2017 including:

- **Performing Community Outreach and Education** -
  Washington County continues to update the Site Redevelopment Program website at www.co.washington.wi.us/SRP with numerous updates this quarter.

  On September 15, 2017, the Washington County Site Redevelopment Program Project Management Team presented to the Wisconsin DNR Brownfields Study Group.

  On October 27, 2017, the Washington County Site Redevelopment Program Management Team received the 2017 Planning Excellence Award from the American Planning Association - Wisconsin Chapter for Plan Implementation.

   - **MBE:**
   - **WBE:**

8. **Comments:**
   - A primary consultant agreement was executed with Slanec Consulting Services, which in turn is executing subcontractor or subconsultant agreements with MBE/WBE firms for components of the project, the first of which was a contract with a WBE firm (Ady Advantage) for $14,000 in services. Two WBE laboratories have been incorporated into the project QAPP. One of the firms (CT Labs) was utilized during the reporting period.

9. **Name of Recipient’s Authorized Representative**
   - Debora M. Sielski

10. **Signature of Recipient’s Authorized Representative**

2 = Supplies  
3 = Services  
4 = Equipment

**Note:** Recipients are required to submit MBE/WBE reports to EPA beginning with the Federal fiscal year the recipients receive the award, continuing until the project is completed.
Instructions:

A. General Instructions:

MBE/WBE utilization is based on 40 CFR Part 33. The reporting requirement reflects the class deviation issued on November 8, 2013, clarified on January 9, 2014 and modified on December 2, 2014. EPA Form 5700-52A must be completed annually by recipients of financial assistance agreements where the combined total of funds budgeted for procuring supplies, equipment, construction or services exceeds $150,000. This reporting requirement applies to all new and existing awards and voids all previous reporting requirements.

In determining whether the $150,000 threshold is exceeded for a particular assistance agreement, the analysis must focus on funds budgeted for procurement under the supplies, equipment, construction, services or "other" categories, and include funds budgeted for procurement under sub-awards or loans.

Reporting will also be required in cases where the details of the budgets of sub-awards/loans are not clear at the time of the grant awards and the combined total of the procurement and sub-awards and/or loans exceeds the $150,000 threshold.

When reporting is required, all procurement actions are reportable, not just the portion which exceeds $150,000.

If at the time of award the budgeted funds exceed $150,000 but actual expenditures fall below, a report is still required.

If at the time of award, the combined total of funds budgeted for procurements in any category is less than or equal to $150,000 and is maintained below the threshold, no DBE report is required to be submitted.

Recipients are required to report 30 days after the end of each federal year, per the terms and conditions of the financial assistance agreement.

Last reports are due October 30th or 90 days after the end of the project period, whichever comes first.

MBE/WBE program requirements, including reporting, are material terms and conditions of the financial assistance agreement.

B. Definitions:

Procurement is the acquisition through contract, order, purchase, lease or barter of supplies, equipment, construction or services needed to accomplish Federal assistance programs.

A contract is a written agreement between an EPA recipient and another party (also considered “prime contracts”) and any lower tier agreement (also considered “subcontracts”) for equipment, services, supplies, or construction necessary to complete the project. This definition excludes written agreements with another public agency. This definition includes personal and professional services, agreements with consultants, and purchase orders.

A minority business enterprise (MBE) is a business concern that is (1) at least 51 percent owned by one or more minority individuals, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more minority
individuals; and (2) whose daily business operations are managed and directed by one or more of the minority owners. In order to qualify and participate as an MBE prime or subcontractor for EPA recipients under EPA’s DBE Program, an entity must be properly certified as required by 40 CFR Part 33, Subpart B.

U.S. citizenship is required. Recipients shall presume that minority individuals include Black Americans, Hispanic Americans, Native Americans, Asian Pacific Americans, or other groups whose members are found to be disadvantaged by the Small Business Act or by the Secretary of Commerce under section 5 of Executive order 11625. The reporting contact at EPA can provide additional information.

A woman business enterprise (WBE) is a business concern that is, (1) at least 51 percent owned by one or more women, or, in the case of a publicly owned business, at least 51 percent of the stock is owned by one or more women and (2) whose daily business operations are managed and directed by one or more of the women owners. In order to qualify and participate as a WBE prime or subcontractor for EPA recipients under EPA’s DBE Program, an entity must be properly certified as required by 40 CFR Part 33, Subpart B.

Business firms which are 51 percent owned by minorities or women, but are in fact not managed and operated by minorities or females do not qualify for meeting MBE/WBE procurement goals. U.S. Citizenship is required.

Good Faith Efforts

A recipient is required to make the following good faith efforts whenever procuring construction, equipment, services, and supplies under an EPA financial assistance agreement. These good faith efforts for utilizing MBEs and WBEs must be documented. Such documentation is subject to EPA review upon request:

1. Ensure DBEs are made aware of contracting opportunities to the fullest extent practicable through outreach and recruitment activities. For Indian Tribal, State and Local and Government recipients, this will include placing DBEs on solicitation lists and soliciting them whenever they are potential sources.

2. Make information on forthcoming opportunities available to DBEs and arrange time frames for contracts and establish delivery schedules, where the requirements permit, in a way that encourages and facilitates participation by DBEs in the competitive process. This includes, whenever possible, posting solicitations for bids or proposals for a minimum of 30 calendar days before the bid or proposal closing date.

3. Consider in the contracting process whether firms competing for large contracts could subcontract with DBEs. For Indian Tribal, State and local Government recipients, this will include dividing total requirements when economically feasible into smaller tasks or quantities to permit maximum participation by DBEs in the competitive process.

4. Encourage contracting with a consortium of DBEs when a contract is too large for one of these firms to handle individually.

5. Use the services and assistance of the SBA and the Minority Business Development Agency of the Department of Commerce.

6. If the prime contractor awards subcontracts, require the prime contractor to take the steps in paragraphs (a) through (e) of this section.
C. Instructions for Part I:

1A. Specify Federal fiscal year this report covers. The Federal fiscal year runs from October 1st through September 30th (e.g. November 29, 2014 falls within Federal fiscal year 2015)

1B. Specify report type. Check the annual reporting box. Also indicate if the project is completed.

1C. Indicate if this is a revision to a previous year and provide a brief description of the revision you are making.

2A-B. Please refer to your financial assistance agreement for the mailing address of the EPA financial assistance office for your agreement.

The “EPA DBE Reporting Contact” is the DBE Coordinator for the EPA Region from which your financial assistance agreement was originated. For a list of DBE Coordinators please refer to the EPA OSBP website at http://epa.gov/osbp/dbe_cord.

3A-B. Identify the agency, state authority, university or other organization which is the recipient of the Federal financial assistance and the person to contact concerning this report.

4A. Provide the Assistance Agreement number assigned by EPA. A separate report must be submitted for each Assistance Agreement.

*For SRF recipients: In box 4a list numbers for ALL OPEN Assistance Agreements being reported on this form.

4B. Refer back to Assistance Agreement document for this information.

5A. Provide the total amount of the Assistance Agreement which includes Federal funds plus recipient matching funds and funds from other sources.

*For SRF recipients only: SRF recipients will not enter an amount in 5a. SRF recipients should check the “N/A” box.

5B. Self-explanatory.

5C. Provide the total dollar amount of ALL procurements awarded this reporting period by the recipient, sub-recipients, and SRF loan recipients, including MBE/WBE expenditures, not just the portion which exceeds $150,000. For example: Actual dollars for procurement from the procuring office; actual contracts let from the contracts office; actual goods, services, supplies, etc., from other sources including the central purchasing/procurement centers).

*NOTE: To prevent double counting on line 5C, if any amount on 5E is for a subcontract and the prime contract has already been included on Line 5C in a prior reporting period, then report the amount going to MBE or WBE subcontractor on line 5E, but exclude the amount from Line 5C. To include the amount on 5C again would result in double counting because the prime contract, which includes the subcontract, would have already been reported.

*For SRF recipients only: In 5c please enter the total annual procurement amount under all of your SRF Assistance Agreements. The figure reported in this section is not directly tied to an individual Assistance Agreement identification number. (SRF state recipients report state procurements in this section)
5D. State whether or not sub-awards and/or subcontracts have been issued under the financial assistance agreements by indicating “yes” or “no”.

5E. Where requested, also provide the total dollar amount of all MBE/WBE procurement awarded during this reporting period by the recipient, sub-recipients, SRF loan recipients, and prime contractors in the categories of construction, equipment, services and supplies. These amounts include Federal funds plus recipient matching funds and funds from other sources.

6. If there were no MBE/WBE accomplishments this reporting period, please briefly how certified MBEs/WBEs were notified of the opportunities to compete for the procurement dollars entered in Block 5C and why certified MBEs/WBEs were not awarded any procurements during this reporting period.

7. Name and title of official administrator or designated reporting official.

8. Signature, month, day, and year report submitted.

D. Instructions for Part II:

For each MBE/WBE procurement made under this financial assistance agreements during the reporting period, provide the following information:

1. Check whether this procurement was made by the recipient, sub-recipient/ SR loan recipient, or the prime contractor.

2. Check either the MBE or WBE column. If a firm is both an MBE and WBE, the recipient may choose to count the entire procurement towards EITHER its MBE or WBE accomplishments. The recipient may also divide the total amount of the procurement (using any ratio it so chooses) and count those divided amounts toward its MBE and WBE accomplishments. If the recipient chooses to divide the procurement amount and count portions toward its MBE and WBE accomplishments, please state the appropriate amounts under the MBE and WBE columns on the form. The combined MBE and WBE amounts for that MBE/WBE contractor must not exceed the “Value of the Procurement” reported in column #3

3. Dollar value of procurement.

4. Date of procurement, shown as month, day, year. Date of procurement is defined as the date the contract or procurement was awarded, not the date the contractor received payment under the awarded contract or procurement, unless payment occurred on the date of award. (Where direct purchasing is the procurement method, the date of procurement is the date the purchase was made)

5. Using codes at the bottom of the form, identify type of product or service acquired through this procurement (e.g., enter 1 if construction, 2 if supplies, etc.).

6. Name, address, and telephone number of MBE/WBE firm.
**This data is requested to comply with provisions mandated by: statute or regulations (40 CFR Parts 30, 31, and 33 and/or 2 CFR Parts 200 and 1500); OMB Circulars; or added by EPA to ensure sound and effective assistance management. Accurate, complete data are required to obtain funding, while no pledge of confidentiality is provided.

The public reporting and recording burden for this collection of information is estimated to average 1 hour per response annually. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclosure or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Send comments on the Agency’s need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the Director, OPPE Regulatory Information Division, U.S. Environmental Protection Agency (2136), 1200 Pennsylvania Avenue, NW, Washington, D.C. 20460. Include the OMB Control number in any correspondence. Do not send the completed form to this address.
WASHINGTON COUNTY
SITE REDEVELOPMENT STEERING COMMITTEE

Village of Jackson Hall, N168W20733 Main Street
Jackson, WI

June 6th, 2017
8:30 a.m.

Present: Ray Heidtke, Mike Miller, Mark Piotrowicz, Justin Drew, Christian Tscheschlok, John Walther, Jim Healy, Curt Pitzen, Justin Drew

Excused: Lisa Maylen

Absent: Jessi Balcom

Chairperson Heidtke called the meeting to order and read the Affidavit of Posting at 8:35 a.m.

MINUTES OF MAY 3, 2017

Moved by Mr. Walther, seconded by Mr. Miller to approve the minutes of May 3, 2017 as presented with no additions or corrections. Seconded by Mr. Piotrowicz. Motion carried.

DISCUSSION OF FY 2017 USEPA BROWNFIELD ASSESMENT GRANT APPLICATION

Ms. Sielski mention that Washington County obtained the grant. She then handed out the Goals for Washington County Site Redevelopment Program – FY 2017 Grant summary sheet and discussed all the listed goals. Ms. Sielski also handed out the FY 2017 Proposed Budget Draft 6/5/17 and discussed the items listed on the sheet. Ms. Presti expressed the importance of the brownfields program.

STATUS OF FY2014 GRANT BUDGET AND EXPENDED FUNDS AND CONSIDERATION OF GRANT BUDGET REALLOCATION REQUESTS

Ms. Sielski gave an update on the FY 2014 grant budget. She stated that there were no budget allocation requests from any of the local governments. No action was needed.

PRESENTATION – WI DNR REDEVELOPMENT RESOURCES RELATED TO INVESTIGATING, REMEDIATING AND REDEVELOPING CONTAMINATED LANDS.

Mr. Ashenfelter from the WI DNR gave a PowerPoint presentation on Remediation & Redevelopment of contaminated lands. A discussion ensued after his presentation. Mr. Hansen from the WI DNR followed up with another presentation of How the Bureau for Remediation and Redevelopment Tracking System (BRRTS) works.
PRESENTATION – WISCONSIN ECONOMIC DEVELOPMENT CORPORATION RESOURCES
Ms. Berger from the WI Economic Development Corporation (WEDC) presented a booklet titled “Supporting Industry, Business and Community Growth in Wisconsin.” Ms. Berger discussed programs that WEDC offers to support minority business growth, downtown development projects and community revitalization efforts.

PRESENTATION – VILLAGE OF JACKSON REDEVELOPMENT OPPORTUNITIES ANALYSIS
Ms. Presti presented the Opportunity Analysis & Redevelopment Plan which was adopted by the Village Board on March 14, 2017. Ms. Presti described the Village Wide Opportunity Analysis Map and went into detail about the areas within the Village that had better opportunities for redevelopment. Ms. Presti also described how the plan will be implemented over time. Mr. Tscheschlok asked if the public has been supportive of Coffeeville. Mr. Walther stated that the business is growing and the public is very pleased.

STATUS UPDATE OF CURRENT PROJECTS – COALITION MEMBERS
Updates were given by Mr. Walther - Village of Jackson; Mr. Healy – Village of Richfield; Mr. Drew – City of Hartford; Mr. Drew stated that they are currently meeting with developers about the Northern Bookend project. Mr. Piotrowicz – City of West Bend; Mr. Piotrowicz stated that they were status quo on the 2100 Northwestern Project. Mr. Piotrowicz also stated that they selected one of the two proposals for the Gehl Site.

DISCUSSION OF UPCOMING SRC MEETING – SEPTEMBER 12, 2017 – CITY OF WEST BEND
Mr. Piotrowicz is looking into reserving a room for the upcoming September 12, 2017 meeting. Mr. Miller and Mr. Tscheschlok will not be present at this meeting.

PUBLIC COMMENT
None

ADJOURNMENT
Mr. Heidtke adjourned the meeting at 10:15 a.m.

Ray Heidtke, Chairperson
AGENDA
Site Redevelopment Steering Committee Meeting
Tuesday, September 19, 2017 - 10:00 AM
City of West Bend Council Chambers
1115 S Main Street, West Bend WI 53095

The following business will be brought before the Committee for initiation, discussion, deliberation, and possible formal action subject to the rules of the Board, which may be inspected in the office of the County Clerk.

1. Call to Order and Affidavit of Posting

2. Consent Agenda
   a. Minutes of June 6, 2017

3. Discussion Items
   a. Introduction of Liz Yogerst - Masters of Public Health Student Intern
   b. Discussion of USEPA 2014 Assessment Grant Budget
   c. Status Update of FY2017 USEPA Brownfield Assessment Grant
   d. Discussion of FY2018 USEPA Revolving Loan Fund Grant Proposal
   e. Status Update of Current Projects - Coalition Members
   f. Discussion of Upcoming SRC Meeting in December
   g. Public Comment

4. Action Items
   a. Consideration of Grant Budget Reallocations Requests

5. Adjournment

It is possible that individual members of other governing bodies of the County government may attend the above meeting. It is possible that such attendance may constitute a meeting of any such other governing body pursuant to State ex rel. Badke v. Greendale Village Board, 173 Wis. 2d 553, 494 N.W. 2d 408 (1993). This notice is given solely to comply with the notice requirements of the open meeting law. No action will be taken by any other governmental body except by the governing body noticed in the caption above.

AFFIDAVIT OF POSTING

This agenda was posted in the office of the County Clerk on the 14th of September, 2017. Notice was sent to the West Bend Daily News, Express News, WIBD/WMBZ Radio, WTKM Radio, My Community NOW, Hartford Times Press, Kewaskum Statesman, Milwaukee Journal-Sentinel. Individuals with disabilities requiring special accommodations for attendance at the meeting should contact the County Clerk at (262) 335-4301 at least 48 hours prior to the meeting.
PRESS RELEASE

Sept. 28, 2017
Contact: Debora Sielski, Deputy Planning and Parks Administrator

Washington County Site Redevelopment Program Receives 2017 Planning Excellence Award from the American Planning Association Wisconsin Chapter

The Washington County Site Redevelopment Program has been selected to receive the 2017 Planning Excellence Award from the American Planning Association - Wisconsin Chapter for Plan Implementation. Since 2012, Washington County has been proactively working to evaluate, assess and plan for the redevelopment of idle or underutilized sites.

The Program was designed to provide an integrated multidisciplinary approach to supporting the redevelopment of former commercial, industrial, and other vacant or underutilized properties sometimes referred to as “brownfields.” The integrated approach combines planning, economic development, and environmental assessment/remediation expertise in evaluating and prioritizing sites for funding, identifying and quantifying environmental and other liabilities, creating integrated remediation/reuse plans, and advancing sites to redevelopment or a “shovel ready” status.

Regarding the award to the Site Redevelopment Program, the American Planning Association Wisconsin Chapter jury commented, “This program and its implementation is the result of an impressive coalition of multiple communities and agencies working together to achieve common goals. The prioritization strategy helps leverage various funding sources and sets the stage for long-term reinvestment.”

In 2013, Washington County formed a Redevelopment Coalition with the City of Hartford, City of West Bend, Village of Jackson, Village of Richfield and Village of Slinger and has received $1.2 million in USEPA Community-wide Coalition Brownfield Assessment Grants to perform Phase I and Phase II environmental site assessments, complete remedial action plans, engage in redevelopment planning and perform community outreach and education.

A Site Redevelopment Committee (SRC) leads the coalition and is made up of ten representatives from the County Board, City/Village Administrators, City Planners, County Workforce Development, Economic Development Organization, and a commercial real estate professional. Program support is provided by a Project Management Team including Debora Sielski, Deputy Planning and Parks Administrator.
Administrator for Washington County and Project Manager of the Site Redevelopment Program, David Holmes, Senior Environmental Scientist for Stantec Consulting Services, Inc., Jolena Presti, Principal Planner for Vandewalle & Assoc. and Christian Tscheschlok, Executive Director for Economic Development Washington County.

The Site Redevelopment Program has had exceptional results to date including the completion of a county-wide potential redevelopment site inventory, environmental site assessments, successful leveraging of fiscal resources to provide the best opportunities for redevelopment, empowering decision makers by creating an online redevelopment analysis tool and connecting potential businesses and other end-users with redevelopment sites.

When asked about the role of planners in the Site Redevelopment Program, Rick Gundrum, County Board Chairperson said, “Since 2013, our program has had a proven record demonstrating the types of successes that are possible when professional planners work to maximize resources and take a regional approach to problem solving. It is imminently clear that the success of our work was driven by collective buy-in achieved through a process and approach that would not have emerged without the commitment from professional planners.”

The award will be celebrated at the annual conference of the American Planning Association Wisconsin Chapter on October 27th at the Hilton City Center in Milwaukee.
Washington County Site Redevelopment Program Receives 2017 Planning Excellence Award from the American Planning Association Wisconsin Chapter

On October 27, 2017, the Washington County Site Redevelopment Program Management Team received the 2017 Planning Excellence Award from the American Planning Association - Wisconsin Chapter for Plan Implementation. Since 2012, Washington County has been proactively working to evaluate, assess and plan for the redevelopment of idle or underutilized sites.
