

**N104 W13561 Donges Bay Rd./Germantown WI 53022**

**International Concrete Products** is a leader in high end Architectural Pre-cast Concrete. Our plant is also PCI and APA certified. With many design, and building awards, for past projects. We look forward to always delivering a quality product, on time, to our clients. And keeping our employees in a safe, and respectful work environment. Check out [www.internationalconcrete.com](http://www.internationalconcrete.com) for a look into our past projects and our family orientated company.

Our company is always looking for both, skilled trades and general labor candidates, on our production floor, and finishing crews, to create our architectural, structural, and custom concrete panels.

Positions to be filled are full time, 40+ hrs. per week. Applicants must be punctual, hardworking, and would like to have them be familiar with a standard tape measure. Blueprint reading and many other skills are necessary, however ICP believes in training its employees for its crews. So no experience is necessary, for most areas of production. ICP's plant is an environmentally controlled climate in which indoor, year round production is established, and year round outdoor work is necessary, for some crews.

Starting pay rate is \$14.00 and may vary based on position and experience. Company aided Health insurance, along with Dental and Vision coverage, and 401k are offered.

Applicants are encouraged to Apply on our website at: [www.internationalconcrete.com](http://www.internationalconcrete.com), Click on the "What's New" tab

Or E-mail resume to: [cvogel@internationalconcrete.com](mailto:cvogel@internationalconcrete.com), Business Manager, or [bendahlberg@internationalconcrete.com](mailto:bendahlberg@internationalconcrete.com), Continuous Improvement Coordinator
