

Veterans:

Moraine Park Technical College is helping to combat the skilled worker shortage in the information Technology field by offering four new short-term, targeted certificates. The College is using the U.S. Department of Labor TAACCCT3 Grant to provide specific training necessary to create job opportunities at collaborating area businesses. There is not charge for tuition, however, varying fees will apply for individual courses. See below for more information and contact person.

Hello and hope you are having a great start to spring ☺

I wanted to let you know what we will be offering for Summer and Fall, 2015 in the TAACCCT 3 Grant IT Certificates Program: www.morainepark.edu/itcareers

Summer, 2015:

Content Management Certificate (15 credits)

- HTML-XML (3 credits)
- Graphics for the Web (2 credits)
- Joomla (3 credits)
- WordPress (3 credits)
- Business Practicum (3 credits)
- Employment Skills for IT Professionals (1 credit)

The Content Management Certificate offers students the opportunity to build their skills in employing content management systems to build websites. Coursework involves having students install Content Management software, design and edit templates, and enable and work with advanced Content Management features. The coursework combines technical skills with creativity and equips students with the skills to compete in today's industry.

***Training begins in June through late September. Classes are face to face on Tuesday and Thursday mornings at FDL Campus and online.**

Fall, 2015

Web Site Security Certificate (11 credits)

- **Principles of Information Security (3 credits)**
- **Web Site Security – (4 Credits)**
- **Business Practicum (3 credits)**
- **Employment Skills for IT Professionals (1 credit)**

The Web Site Security Certificate offers students the opportunity to explore and examine topics in Information Security with an emphasis on Web sites and Web Servers. Students will build their skills in developing Information Security Policies, applying security principles to websites and web servers, and troubleshooting potential security issues as it relates to websites. The coursework combines technical skills with creativity and equips students with the skills to compete in today's industry.

***Training begins in October through early March, 1 evening per week at FDL Campus plus online.**

Content Management Certificate (15 credits)

- **HTML-XML (3 credits)**
- **Graphics for the Web (2 credits)**
- **Joomla (3 credits)**
- **WordPress (3 credits)**
- **Business Practicum (3 credits)**
- **Employment Skills for IT Professionals (1 credit)**

The Content Management Certificate offers students the opportunity to build their skills in employing content management systems to build websites. Coursework involves having students install Content Management software, design and edit templates, and enable and work with advanced Content Management features. The coursework combines technical skills with creativity and equips students with the skills to compete in today's industry.

***Training begins in October through early March, 2 evenings per week at FDL Campus plus online.**

If you are interested in participating in one of the upcoming certificates we are having four upcoming **information sessions**. Please go to www.morainepark.edu/itcareers to sign up for an info session on **April 20 or 23**.

Let me know if you have any questions

Thanks!

Anne
