

Training and Employment Information

In addition to all the regular services and programs offered for anyone seeking to upgrade skills or gain meaningful employment, the Workforce Development Center has enhanced resources for Veterans.

- Work readiness and skills assessments for transition to civilian employment
- For those utilizing the Wisconsin GI Bill, the WDC has programs which may supplement the tuition remission program and pay for items not covered by the Bill, like books
- 24 hour Veterans preference for job leads on JobCenterofWisconsin.com
- A Veteran's rep is on site to work with those Veterans who may need more intensive job placement assistance.
- On-the-job training incentives are available to employers to hire those who go through our programs
- Voc rehab job placement assistance is also available

To inquire about WDC services and programs, check us out on line (www.wfdc.org) or stop in anytime during open business hours (8-4:30 Monday through Friday).
